

# Prior authorization requirements for North Carolina Medicaid

Effective September 1, 2023

## General information

This list contains prior authorization requirements for UnitedHealthcare Community Plan in North Carolina participating care providers for inpatient and outpatient services. To request prior authorization, please submit your request online or by phone.

- **Online:** Use the Prior Authorization and Notification tool on UnitedHealthcare Provider Portal. Then, select the Prior Authorization and Notification tile on your Provider Portal dashboard.
- **Phone: 866-604-3267**

Prior authorization is not required for emergency or urgent care. Out-of-network physicians, facilities and other health care providers must request prior authorization for all procedures and services, excluding emergent or urgent care.

Prior authorization is the process where health care providers seek approval before rendering a service, as required by UnitedHealthcare policy. It's required under the direction of the UnitedHealthcare Health Services Department and is an essential part of any managed care organization. Advance notification is a requirement of care providers to give UnitedHealthcare timely communication of services, so we can do a prospective, concurrent, and retrospective care review.
