

Prior Authorization Requirements for Rhode Island Medicaid

Effective March 1, 2023

General Information

This list contains prior authorization requirements for UnitedHealthcare Community Plan in Rhode Island participating care providers for inpatient and outpatient services. To request prior authorization, please submit your request online, or by phone or fax:

- **Online:** Use the Prior Authorization and Notification tool on UnitedHealthcare Provider Portal. Go to UHCprovider.com and click on the UnitedHealthcare Provider Portal button in the top right corner. Then, select Prior Authorization and Notification on your Provider Portal dashboard.
- **Phone:** 866-604-3267

Prior authorization is not required for emergency or urgent care. Out-of-network physicians, facilities and other health care providers must request prior authorization for all procedures and services, excluding emergent or urgent care.

Facilities must provide admission notification even if advance notification was provided by a physician and a pre-service coverage approval is on file.

Prior authorization is the process where health care providers seek approval before rendering a service, as required by UnitedHealthcare policy. It's required under the direction of the UnitedHealthcare Health Services Department and is an essential part of any managed care organization. Advance notification is a requirement of care providers to give UnitedHealthcare timely communication of services so we can do a prospective, concurrent and retrospective care review.
