Pregnancy

Voluntary notification for case and disease management enrollment:

Please provide us with voluntary notification of a pregnancy diagnosis. Notification allows UnitedHealthcare to enroll a pregnant member in the Healthy Pregnancy Program, our case and disease management program, before their baby's arrival. As part of these programs, members will have access to the Healthy Pregnancy app and other available resources. Voluntary notification doesn't indicate or imply coverage, which is determined according to the member's benefit plan. Please notify us only once per pregnancy. We're not requesting notification for ancillary services, such as ultrasound and lab work. After notification, please contact us if the member is no longer appropriate for the Healthy Pregnancy Program – for example, if a pregnancy is terminated.

Upon confirmation of pregnancy, please notify us for ICD-10-CM codes:
