

Help for your patients with chronic pain

UnitedHealthcare Community Plan of Arizona members with chronic pain — including those with opioid use disorder — have an option to receive care from Pima Pain Center, which we've identified as a Center of Excellence in the treatment of complex pain conditions.

Referring your patients — new location available

If your patient who is a UnitedHealthcare Community Plan member might benefit from pain management services, we encourage you to refer them to Pima Pain Center, which recently opened a new location at:

2158 N. Gilbert Rd., Unit 121-B
Mesa, AZ 85203

Pima Pain Center has 8 other locations. To refer your patient, please call 520-399-6000, or visit pimapaincenter.com/referral.

Comprehensive care for members with chronic pain

Pima Pain Center offers a fully integrated approach to pain management. Services include:

- Behavioral health care
- Medication management
- Non-invasive interventional therapy
- Physical therapy
- Holistic medicine
- Care coordination for patients receiving medication-assisted treatment (MAT) from another provider
