

3rd Quarter 2020 Preferred Drug List Update

UnitedHealthcare Community Plan of Arizona

UnitedHealthcare Community Plan's Preferred Drug List (PDL) is updated quarterly by our Pharmacy and Therapeutics Committee. Please review the changes and update your references as necessary.

You may also view the changes at UHCprovider.com/plans > Choose Your State > Medicaid (Community Plan) > Pharmacy Resources and Physician Administered Drugs.

We provided a list of available alternatives to UnitedHealthcare Community Plan members whose current treatment includes a medication removed from the PDL. Please provide affected members with a prescription for a preferred alternative in one of the following ways:

- Call or fax the pharmacy.
- Use e-Script.
- Write a new prescription and give it directly to the member (where permitted by state regulations).

If a preferred alternative is not appropriate, please call **800-310-6826** for prior authorization for the UnitedHealthcare Community Plan member to remain on their current medication.

Changes will be effective July 1, 2020.

PDL Additions

Brand Name	Generic Name	Comments
Brukinsa™	Zanubrutinib capsule	Indicated for the treatment of mantle cell lymphoma (MCL) in patients who have received at least one prior therapy. Prior authorization required. Available through specialty pharmacy.
Nayzilam®	Midazolam nasal spray	Indicated for the acute treatment of intermittent, stereotypic episodes of frequent seizure activity that are distinct from a patient's usual seizure pattern in patients with epilepsy. Prior authorization required.
Temixys™	Lamivudine/tenofovir disoproxil fumarate tablet	Indicated in combination with other antiretroviral agents for the treatment of human immunodeficiency virus type 1 (HIV-1) infection.

Removed from PDL

Brand Name	Generic Name	Comments
Cimduo®	Lamivudine/tenofovir disoproxil fumarate tablet	Temixys™ is an alternate option. Current utilizers will be grandfathered.
Clindagel®	Clindamycin phosphate gel 1%	Various other topical products are available for the treatment of acne. Current utilizers will not be grandfathered.
