

3rd Quarter 2022 preferred drug list update

UnitedHealthcare Community Plan of Indiana

UnitedHealthcare Community Plan's preferred drug list (PDL) is updated quarterly by our Pharmacy and Therapeutics Committee. Please review the below changes which are effective as of **August 1, 2022**.

Drugs added to the Preferred Drug List

Drug/ Product Name	Comments
Fexofenadine Tablets	Indicated for the relief of symptoms associated with season allergic rhinitis Moved to preferred on 6/1/2022 .
Fluocinonide 0.05% Cream	Indicated for the relief of a variety of skin conditions. Moved to preferred on 6/1/2022 .
Zegalogue® Injection	For the treatment of severe hypoglycemia in patients with diabetes. Moved to preferred on 2/1/2022 .

For medications which have been removed from the PDL, we have provided potential alternatives for UnitedHealthcare Community Plan members. If the drug alternative is medically appropriate, please provide members with a new prescription for a preferred alternative, via:

- Call or fax the pharmacy
- Use e-Script
- Write a new prescription and give it directly to the member (where permitted by state regulations)

If a preferred alternative is not medically appropriate, please call **800-310-6826** for prior authorization for the UnitedHealthcare Community Plan member to remain on their current medication.

You may also view the changes at UHCprovider.com/plans > Choose Your State > Medicaid (Community Plan) > Pharmacy Resources and Physician-Administered Drugs.
