

3rd Quarter 2020 Preferred Drug List Update

UnitedHealthcare Community Plan of Maryland

UnitedHealthcare Community Plan's Preferred Drug List (PDL) is updated quarterly by our Pharmacy and Therapeutics Committee. Please review the changes and update your references as necessary.

You may also view the changes at UHCprovider.com/plans > Choose Your State > Medicaid (Community Plan) > Pharmacy Resources and Physician Administered Drugs.

We provided a list of available alternatives to UnitedHealthcare Community Plan members whose current treatment includes a medication removed from the PDL. Please provide affected members with a prescription for a preferred alternative in one of the following ways:

- Call or fax the pharmacy.
- Use e-Script.
- Write a new prescription and give it directly to the member (where permitted by state regulations).

If a preferred alternative is not appropriate, please call **800-310-6826** for prior authorization for the UnitedHealthcare Community Plan member to remain on their current medication.

Changes will be effective July 1, 2020.

PDL Additions

Brand Name	Generic Name	Comments
Brukinsa™	Zanubrutinib capsule	Indicated for the treatment of mantle cell lymphoma (MCL) in patients who have received at least one prior therapy. Prior authorization required. Available through specialty pharmacy.
Temixys™	Lamivudine/tenofovir disoproxil fumarate tablet	Indicated in combination with other antiretroviral agents for the treatment of human immunodeficiency virus type 1 (HIV-1) infection. Diagnosis required.
Trikafta®	Elexacaftor/tezacaftor/ivacaftor tablet; Ivacaftor tablet	Indicated for the treatment of cystic fibrosis (CF) in patients aged 12 years and older who have at least one F508del mutation in the cystic fibrosis transmembrane conductance regulator (CFTR) gene. Prior authorization required. Available through specialty pharmacy.

PDL Modifications

Brand Name	Generic Name	Comments
Novolog® Mix	Insulin aspart protamine/insulin aspart vial	Insulin aspart protamine/insulin aspart vial (authorized generic of Novolog® Mix vial) will remain preferred and the brand Novolog® Mix vial will become non-preferred. Current utilizers will be required to transition to insulin aspart protamine/insulin aspart vial (authorized generic of Novolog® Mix vial).

Removed from PDL

Brand Name	Generic Name	Comments
