

Get your no-cost breast pump

Congratulations on choosing to breastfeed. We want to make it easier for you. That's why, as a UnitedHealthcare Community Plan member, you can get an electric breast pump at no cost to you.

Maybe you're going to be away from your baby during a feeding. Or you might feel uncomfortable breastfeeding in public. A breast pump offers flexibility by storing your milk. Later, your baby can drink it out of a bottle.

To get your breast pump at no cost, ask your physician's office for a breast pump order. Please give them this form and ask them to fax it to the supply company. The pump can be shipped to your home or you can pick it up.

If you have any questions or concerns, please call Member Services at 1-866-292-0359.
