## Therapy services in a Skilled Nursing Facility

Please refer to the following guidance when billing for inpatient therapy services provided at a Skilled Nursing Facility (SNF) for UnitedHealthcare Community Plan members in Nebraska.

### SNF therapy bill types

The following is a list of available bill types can be used when billing for therapy services. Billing should not include a bill type for a Medicare-designated bed when a patient does not have Medicare.

- **022X:** When a UnitedHealthcare Community Plan member has Medicare Part B and is receiving inpatient therapy services at a SNF.
- **023X:** When a UnitedHealthcare Community Plan member does not have Medicare Part B, or their Part B has been exhausted, and is receiving inpatient therapy services at a SNF.
