

UnitedHealthcare Community Plan Pharmacy & Therapeutics Committee Minutes

Meeting Date: March 9, 2023 Location: Via conference call/Teams

Agenda Item	Speaker	Recommendation	Conclusions/ Recommendations	Vote
leeting called to order	G. Shutzberg	5:01 PM EST		
. Minutes from previous meetings	G. Shutzberg	Review of Minutes from December 8, 2022	Minutes reviewed, approved	Yes
. Formulary Review - New Drugs	M. Reisman	Auvelity		
B. Formulary Review - New Drugs	m. reisman	Recommendation:	Motion made, seconded, and carried to accept	10:0
		Non-preferred with prior authorization across all applicable lines of business	recommendation	10.0
		Dr. Pappalardo asked about the minimum age for use of Auvelity & what do we know about its addictive potential. It's indicated in adults. Dextromethorphan has		
		the potential for misuse but has little dependance liability. Dr. Williams asked what		
	Comment.	the cost of Auvelity versus the cost of the individual ingredients used in		
		combination. Using the individual ingredients in combination would be significantly less expensive.		
	M. Reisman	Lytgobi		
		 Recommendation: Non-preferred with prior authorization across all applicable lines of business 	Motion made, seconded, and carried to accept recommendation	10:0
	M. Reisman	Relyvrio		
		Recommendation:	Motion made, seconded, and carried to accept	10:0
	C. Lichtinger	Non-preferred with prior authorization across all applicable lines of business Rolvedon	recommendation	
		Recommendation:	Motion made, seconded, and carried to accept	10:0
		Non-preferred with prior authorization across all applicable lines of business	recommendation	10.0
	C. Lichtinger	Xaciato Recommendation:	Motion made, seconded, and carried to accept	
		 Non-preferred with prior authorization across all applicable lines of business 	recommendation	10:0
	Comment:	Dr. Fitzhugh asked about use of Xaciato in recurrent BV. The trials did include		
	C. Lichtinger	patients with recurrent BV and found the success rate to be similar. Xelstrym		
		Recommendation:	Motion made, seconded, and carried to accept	
		Non-preferred with prior authorization across all applicable lines of business	recommendation	10:0
. Formulary Review - Class Review	M. Reisman	Targeted Immune Modulators and Related Agents		
		Recommendation:	Motion made, seconded, and carried to accept	10.0
		•Sotyktu: Non-preferred with prior authorization across all applicable lines of business	recommendation	10:0
		Recommendation:		
		•Amjevita: Preferred with prior authorization across all applicable lines of business		
		on 3/1/2023 •Humira and adalimumab biosimilars: Upon full review and market availability of	Motion made, seconded, and carried to accept	
		pending products, move Humira to a non-preferred position, adding up to 3	recommendation	10:0
		biosimilars as preferred alternatives requiring prior authorization, across all		
		applicable lines of business. Transition current utilizers of Humira to one of the preferred biosimilars across all applicable lines of business.		
Formulary Review - New Formulations	M. Reisman	preferred biosimilars across all applicable lines of business.	Yes/No	Yes
9. Formulary Review - New Formulations	M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid	Yes/No	Yes
. Formulary Review - New Formulations	M. Reisman	preferred biosimilars across all applicable lines of business.	Motion made, seconded, and carried to accept	Yes 10:0
. Formulary Review - New Formulations	M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation:		
- -		preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business	Motion made, seconded, and carried to accept recommendation	10:0
- -	M. Reisman M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation:	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept	10:0 Yes
- -		preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation: • Xerac- AC: Move to preferred across all applicable lines of business	Motion made, seconded, and carried to accept recommendation Yes/No	10:0
		preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation:	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept recommendation Motion made, seconded, and carried to accept	10:0 Yes
·		preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation: • Xerac- AC: Move to preferred across all applicable lines of business Recommendation: • Moxifloxacin 400mg tablet: Move to preferred across all applicable lines of business	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept recommendation	10:0 Yes 10:0
·	M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation: • Xerac- AC: Move to preferred across all applicable lines of business Recommendation: • Movifloxacin 400mg tablet: Move to preferred across all applicable lines of business Dr. Pappalardo asked, is there a disadvantage for making Moxifloxacin preferred,	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept recommendation Motion made, seconded, and carried to accept recommendation	10:0 Yes 10:0
·	M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation: • Xerac- AC: Move to preferred across all applicable lines of business Recommendation: • Moxifloxacin 400mg tablet: Move to preferred across all applicable lines of business	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept recommendation Motion made, seconded, and carried to accept recommendation	10:0 Yes 10:0
·	M. Reisman	preferred biosimilars across all applicable lines of business. Confirm Review of New Formulations Grid Recommendation: • Leuprolide acetate 22.5mg depot injection: Preferred with prior authorization across all applicable lines of business Confirm Review of PDL Modifications Grid Recommendation: • Xerac- AC: Move to preferred across all applicable lines of business Recommendation: • moxifloxacin 400mg tablet: Move to preferred across all applicable lines of business Dr. Pappalardo asked, is there a disadvantage for making Moxifloxacin preferred, due to concerns about antibiotic resistance. We would expect that the prescribers monitor resistance patterns, the goal is to not be a barrier to care for an acute use drug.	Motion made, seconded, and carried to accept recommendation Yes/No Motion made, seconded, and carried to accept recommendation Motion made, seconded, and carried to accept recommendation	10:0 Yes 10:0
