

Updated National Drug Code (NDC) Requirement Policy, Professional and Facility – Effective March 1, 2020

Effective March 1, 2020, we're updating the National Drug Code (NDC) Requirement Policy, Professional and Facility. The following changes will apply to claims processed on and after March 1, 2020:

- Maximum units will be allowed for specific drugs based on the NDC number submitted on the claim. The maximum unit established for the NDC number will be enforced where the package or kit is a specific dose and where a set number of units is expected.
- Units submitted above the maximum unit allowed per the NDC number of the package or kit will be denied.
- This will not apply to drugs where there is a varying dosage per NDC or those where the dose is based on the weight/body surface area where the entire unit of a package or kit could be exceeded appropriately.

Note About Reimbursement Policies

As with all UnitedHealthcare Community Plan policies, other factors affecting reimbursement may supplement, modify or in some cases supersede this policy. These factors include but are not limited to federal and/or state regulatory requirements, physician or other provider contracts, and/or the member's benefit coverage documents. Unless otherwise noted, these reimbursement policies apply to services reported using the CMS-1500 or its electronic equivalent, or its successor form.

UnitedHealthcare Community Plan reimbursement policies don't address all issues related to reimbursement for services rendered to our members, such as the member's benefit plan documents, our medical policies and the UnitedHealthcare Community Plan Administrative Guide or Care Provider Manual. Meeting the terms of a particular reimbursement policy is not a guarantee of payment. Likewise, retirement of a reimbursement policy affects only those system edits associated with the specific policy being retired. Retirement of a reimbursement policy is not a guarantee of payment. Other applicable reimbursement and medical policies and claims edits will continue to apply.

If there's an inconsistency or conflict between the information in this provider notification and the posted policy, the provisions of the posted reimbursement policy prevail.
