

## Healthy Texas Women Needs New Providers

### Healthy Texas Women Now Offers Postpartum Services

Healthy Texas Women (HTW) is a core women's health and family planning program for low-income women without health insurance. Eligible women are auto-enrolled into HTW when their Medicaid for Pregnant Women coverage ends.

HHSC has introduced a new postpartum services package for HTW clients called **HTW Plus**. Benefits available through HTW Plus focus on treating health conditions that contribute to maternal morbidity and mortality, including postpartum depression, cardiovascular conditions, and substance use disorders.

### New Covered Services

- Individual, family and group psychotherapy services
- Peer specialist services
- Imaging studies, blood pressure monitoring, and anticoagulant, antiplatelet, and antihypertensive medications
- Screening, brief intervention, and referral for treatment (SBIRT)
- Outpatient substance use counseling
- Smoking cessation services
- Medication-assisted treatment (MAT)

### New Types of Providers Needed

- Chemical dependency treatment facilities
- Opioid treatment programs
- Licensed professional counselors
- Licensed clinical social workers
- Psychologists and Psychology groups
- Psychiatrists
- Cardiologists
