Care Provider Reimbursement

Q. How will I be reimbursed for the UnitedHealthcare Dual Complete® Choice (Regional PPO D-SNP) plan?

A. We will reimburse you according to your existing Medicare Advantage contracted rates. As the primary payer, we're responsible for the management and payment of the Medicare covered and supplemental services. Since these members are dually eligible for Medicare and Medicaid, they'll have Medicaid as their secondary payer in Texas. Care providers may not attempt to collect additional reimbursement from DSNP members whose Medicaid benefits cover all Medicare cost-sharing components. These members aren't responsible for Medicare cost sharing under CMS regulations. Medicare cost sharing includes the deductibles, coinsurance and copays included as part of Medicare Advantage benefit plans.

Q. As a care provider, do I need to be enrolled in Medicaid to receive the remaining reimbursement?

A. At a minimum, you are required to enroll or register with the state Medicaid plan for Medicare secondary cost share billing purposes. Depending on the state Medicaid agency process, this could include registering for a care provider Medicaid ID number to be reimbursed for the remaining deductible, copayment or coinsurance amount. If you decide not to enroll or re-enroll with the state Medicaid program, you'll give up your ability to seek the secondary payer reimbursement for a dually-eligible member.
