

Frequently Asked Questions

Care Provider Information | Tennessee UnitedHealthcare Dual Complete® ONE Plus (HMO D-SNP)

Effective Jan 1, 2021

UnitedHealthcare offers a Medicare Advantage plan in your area known as UnitedHealthcare Dual Complete® ONE Plus (HMO D-SNP), a Dual Special Needs Plan (D-SNP), for individuals who are eligible for both TennCare Medicaid and Medicare.

UnitedHealthcare Community Plan of Tennessee manages the Medicare Advantage benefits and reimburses you according to your existing contracted rates. While we may also manage TennCare Medicaid services, benefits and care provider reimbursement for some members, another managed TennCare Medicaid plan or TennCare Medicaid agency may be responsible for other members.

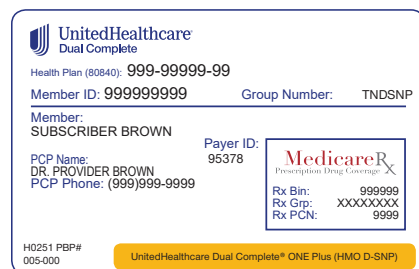

Eligibility and Benefits

Q. Who is eligible to participate in the plan?

A. D-SNP-eligible members can include low-income seniors ages 65 and older and people with disabilities who are younger than age 65. Individuals must qualify for TennCare Medicaid and Medicare separately. While most qualify for Medicare once they reach 65, some younger adults with disabilities also qualify.

Q. How can I check member eligibility?

- A. Always verify eligibility before providing services to a plan member. You can check member eligibility and benefits by:
- Eligibility and benefits on UHCprovider.com/eligibility
 - Calling Provider Services at **800-690-1606** or the number on the member's ID card.

We've included an example of the member ID cards to help you identify these members. All member information in the sample is fictional for sample purposes. Please always refer to the member's active ID card for current details.

Q. Are referrals required for the plan?

A. Referrals are normally not required if the member seeks in-network care. As part of the plan benefit design, members can decide who they wish to visit for their care. Please check eligibility and benefits prior to providing services.

Key Points

UnitedHealthcare Dual Complete® ONE Plus (HMO D-SNP) is a **Medicare Advantage** plan.

As of Jan. 1, 2021, the service area is statewide.

Q. What are the member advantages of the plan?

A. Members can continue to access core Medicare benefits along with Part D (pharmacy) benefits and targeted clinical programs and services. Additionally, the plan offers supplemental benefits and services that are not typically available through original Medicare or TennCare Medicaid at no extra cost. These may include:

Dental

Up to \$3,500 for covered types of preventive and comprehensive dental services

Vision

\$0 copay for 1 routine eye exam and \$350 allowance for eyewear

Prescription Drug Coverage

\$0 drug copays on all tiers of covered medications with option for home delivery

Transportation

\$0 copay for 60 one-way rides to or from a doctor's office or pharmacy

OTC Items - Catalog

Up to \$1,260 per year to buy over-the-counter products for home delivery

Hearing

\$2,500 allowance toward hearing aids

Other additional benefits foot care, a gym membership, a meal program benefit, virtual doctor and mental health visits, chiropractic coverage and 24-hour NurseLine. Each member now has a designated Care Navigator to help guide them through the various questions they may have concerning their health and benefits.

Q. How can a member enroll in a Dual Special Needs Plan?

A. Prospective members can explore their options by visiting UHCCommunityPlan.com/TN or speaking to a licensed sales agent. In addition to individuals enrolling during Annual Enrollment Period, October 15 – December 7, plan members may enroll, disenroll or switch plans once per calendar quarter during the first nine months of the year by following the Centers for Medicare & TennCare Medicaid Services (CMS) regulatory requirements.

Care Provider Reimbursement

Q. How will I be reimbursed for the plan?

A. We will reimburse you according to your existing Medicare Advantage contracted rates. As the primary payer, we're responsible for the management and payment of the Medicare covered and supplemental services. Since these members are dually eligible for Medicare and TennCare Medicaid, they'll have TennCare Medicaid as their secondary payer in TN Care providers may not attempt to collect additional reimbursement from D-SNP members whose TennCare Medicaid benefits cover all Medicare cost-sharing components. These members aren't responsible for Medicare cost sharing under CMS regulations. Medicare cost sharing includes the deductibles, coinsurance and copays included as part of Medicare Advantage benefit plans.

Q. As a care provider, do I need to be enrolled in TennCare Medicaid to receive the remaining reimbursement?

A. At a minimum, you are required to enroll or register with the state TennCare Medicaid plan for Medicare secondary cost share billing purposes. Depending on the service and covered benefit level, many DSNP care providers will be required to submit a secondary claim to TennCare Medicaid if there is deductible, copayment or coinsurance amount that is the responsibility of the TennCare Medicaid payer to cover. This will depend on the member's TennCare Medicaid eligibility levels. This may require registering for a care provider TennCare Medicaid ID number for reimbursement. If you decide not to enroll or re-enroll with the state TennCare Medicaid program, you'll give up your ability to seek the secondary payer reimbursement for a dually eligible member.
