Care Provider Reimbursement

Q. How will I be reimbursed for the UnitedHealthcare Dual Complete® (HMO POS D-SNP) plan?

- A. We will reimburse you according to your existing Medicare Advantage contracted rates. As the primary payer, we're responsible for the management and payment of the Medicare covered and supplemental services. Since these members are dually eligible for Medicare and Medicaid, they'll have Medicaid as their secondary payer in Kansas. Care providers may not attempt to collect additional reimbursement from DSNP members whose Medicaid benefits cover all Medicare cost-sharing components. These members aren't responsible for Medicare cost sharing under CMS regulations. Medicare cost sharing includes the deductibles, coinsurance and copays included as part of Medicare Advantage benefit plans.

Q. If the DSNP member has UnitedHealthcare for both Medicare Advantage and Medicaid coverage, will I have to submit the claim twice? Will UnitedHealthcare coordinate the payment crossover?

- A. If UnitedHealthcare manages both the member's Medicaid and Medicare coverage, for most services the care provider isn't required to file the claim twice. However, providers will need to submit claims to the secondary payer when UnitedHealthcare Community Plan is not the responsible payer for Medicaid services. In addition, some state-specific billing guidance requires that the care provider use the CMS 1500 form., dialysis for example. The provider will be required in those situations to file their claims on the appropriate claim form. Billing instructions can be found in the KMAP Provider Manuals.

Q. As a care provider, do I need to be enrolled in Medicaid to receive the remaining reimbursement?

- A. At a minimum, you are required to enroll or register with the state Medicaid plan for Medicare secondary cost share billing purposes. Depending on the state Medicaid agency process, this could include registering for a care provider Medicaid ID number to be reimbursed for the remaining deductible, copayment or coinsurance amount. If you decide not to enroll or re-enroll with the state Medicaid program, you'll give up your ability to seek the secondary payer reimbursement for a dually-eligible member.
