Coding Procedures for Welcome to Medicare Visit, Annual Wellness Visit and Other Preventive Screenings

The following coding procedures for UnitedHealthcare Medicare Advantage plans in 2020 can help you determine the appropriate submission codes for covered preventive services. For more information about the Centers for Medicare & Medicaid Services (CMS) policies that define the procedures and to determine if a service is covered by Medicare, please click on the appropriate link in the following list:

- Medicare Physician Fee Schedule
- CMS Internet-Only Manuals (IOM)
- CMS National Correct Coding Initiative (NCCI)
- CMS Medicare Coverage Database (NCD/LCD Lookup)
- CMS Preventive Services Guide

A Note about Cost Sharing:
All references to cost sharing for out-of-network care providers apply only to UnitedHealthcare Medicare Advantage PPO, RPPO and POS plans with out-of-network coverage. UnitedHealthcare Medicare Advantage Private Fee-for-Service plans don’t have provider networks. For these plans, the in-network cost-sharing shown in each table applies.

Wellness Visits/Routine Physicals (cont.)

Notes:
- See the “Types of Office Visits” section for specific services to be provided during each type of visit.
- Annual Routine Physical Exam coverage: If you bill the 99XXX codes for these services, you must provide a head-to-toe exam and can’t bill for a separate breast and pelvic exam, digital rectal exam or counseling to promote healthy behavior. See the “Types of Office Visits” section for a list of the specific components included in the visit.
- Members may receive either the Welcome to Medicare Visit or the Annual Wellness Visit, along with the Annual Routine Physical Exam, on the same day from the same PCP, as long as all components of both services are provided and fully documented in the medical record. Please don’t submit either of these two visits with a -25 modifier.
- When you perform a separately identifiable, medically necessary Evaluation and Management (E/M) service, in addition to the IPPE, you may also bill CPT® codes 99201-15 reported with modifier -25. When medically indicated, this additional E/M service is subject to the applicable copayment for an office visit. Any additional services provided are subject to applicable cost sharing. See CMS National Correct Coding Initiative (NCCI).
- Coverage for Annual Routine Physical Exam under Medicare Advantage employer group plans may vary.

Additional Services Provided in Conjunction with the Wellness Visit/Routine Physical

Only the codes listed on the Wellness Visits/Routine Physicals Chart are included in the $0 copayment for wellness visits. If you also bill other services with the visit, and those services are normally subject to a copayment or coinsurance, that copayment or coinsurance applies, even if the primary reason for the visit was for a wellness exam.

When a member sees an obstetrician or gynecologist who isn’t their assigned PCP for a routine pap/pelvic exam, only the Medicare-covered annual pap/pelvic service should be performed and billed. Please refer members to their assigned PCP if a more comprehensive preventive service is needed.
Types of Office Visits

Welcome to Medicare Visit

A one-time preventive E/M service that includes the following:
1. Review of a member’s medical and social history.
2. Review of a member’s potential risk factors for depression.
3. Review of a member’s functional ability and level of safety, including hearing impairment, daily living activities, fall risk and home safety.
4. Review of a member’s full list of medications and supplements, including calcium and vitamins.
5. An exam with height, weight, body mass index, blood pressure, visual acuity and other measurements.
6. End-of-life planning assistance, such as an advance directive or health care proxy, with a member’s consent.
7. Education, counseling and referral, based on the results of numbers 1-5 in this list.
8. Education, counseling and referral, including a brief written plan for obtaining a screening EKG, as appropriate, and other appropriate screenings and/or Medicare Part B preventive services.

Annual Wellness Visit

Allows the physician and member to develop a personalized prevention plan and may include the following:
1. Established or updated record of member’s medical and family history.
2. Review of a member’s potential risk factors for depression.
3. Review of a member’s functional ability and level of safety, including hearing impairment, daily living activities, fall risk and home safety.
4. Review of a member’s full list of medications and supplements, including calcium and vitamins.
5. An exam with height, weight, body mass index, blood pressure and other routine measurements.
6. List or updated list of a member’s medical care providers and suppliers.
7. Detection of any cognitive impairment.
8. Established or updated screening schedule for the next five to 10 years, as appropriate.
9. Established or updated list of a member’s risk factors.
10. Personalized health advice and appropriate referrals to health education or preventive services.

Pap/Pelvic Exam

Well Woman Exam should include at least seven of the following:
1. Inspection and palpation of breasts for masses or lumps, tenderness, symmetry or nipple discharge.
2. Digital rectal examination, including sphincter tone and presence of hemorrhoids or rectal masses.
3. Examination of external genitalia – For example, general appearance, hair distribution or lesions.
4. Examination of urethral meatus – For example, size, location, lesions or prolapse.
5. Examination of urethra – For example, masses, tenderness or scarring.
6. Examination of bladder – For example, fullness, masses or tenderness.
7. Examination of vagina – For example, general appearance, estrogen effect, discharge, lesions, pelvic support, cystocele or rectocele.
8. Examination of cervix – For example, general appearance, lesions or discharge.
9. Specimen collection for pap smears and cultures.

Annual Routine Physical Exam

This comprehensive physical examination screens for disease, promotes a healthy lifestyle and assesses a member’s potential risk factors for future medical problems. It includes the components listed below. Any clinical laboratory tests or other diagnostic services performed at the time of the wellness visit may be subject to a copay or coinsurance.
1. Health history
2. Vital signs
3. General appearance
4. Heart exam
5. Lung exam
6. Head and neck exam
7. Abdominal exam
8. Neurological exam
9. Dermatological exam
10. Extremities exam
11. Male physical exam
   - Testicular, hernia, penis and prostate exams
12. Female physical exam
   - Breast and pelvic exams
13. Counseling to include healthy behaviors and screening services

You may not bill separate codes for components with 99385, 99386, 99387, 99395, 99396 or 99397. Payment for these codes includes reimbursement for all services listed.

Common Preventive Services and Screenings

All UnitedHealthcare Medicare Advantage plans cover the following Medicare-covered preventive services at the same frequency as covered by Original Medicare, except where otherwise noted, for a $0 copay. In general, screening lab work isn’t covered by Medicare and therefore not covered by UnitedHealthcare Medicare Advantage plans. The exceptions are listed in the following list of commonly covered preventive services and screenings.

- Alcohol misuse screening and counseling
- Bone mass measurement for those at high risk
- Cardiovascular disease screening tests
- Colorectal cancer screening¹
- Counseling to prevent tobacco use
- Depression screening
- Diabetes screening
- Diabetes self-management training
- Glaucoma screening for those at high risk²
- Hepatitis B virus screening
- Hepatitis B virus vaccine and administration
- Hepatitis C virus screening
- Human papillomavirus (HPV) test
- HIV screening
- Influenza virus vaccine and administration (flu shot)
- Intensive behavioral therapy for cardiovascular disease
- Intensive behavioral therapy for obesity
- Lung cancer screening with Low Dose Computed Tomography
- Medical nutrition therapy
- Medicare Diabetes Prevention Program (MDPP)
- Pneumococcal vaccine and administration
- Prostate cancer screening (prostate-specific antigen [PSA] test)³
- Screening for sexually transmitted infections (STIs) and high-intensity behavioral counseling to prevent STIs
- Screening mammography (2D and 3D mammograms)
- Screening pap tests and pelvic examinations

These additional preventive services and screenings can be provided and billed separately, in addition to the subsequent Annual Wellness Visit (G0439), as long as Medicare guidelines are met. This doesn’t apply to the Welcome to Medicare Visit (G0402) or the first Annual Wellness Visit (G0438).

¹ A colonoscopy that begins as a Medicare-covered screening service is subject to the $0 screening cost share, regardless of whether a polyp is found and/or removed during the procedure.

² $0 for most non-Special Needs Plans. Special Needs Plans may apply the same cost sharing as Original Medicare.

³ A digital rectal exam (DRE) may be subject to cost sharing, depending on the plan. (Note: Most Non-SNPs have a $0 copayment for this service.)
Colonoscopies and Related Subsequent Diagnostic Procedures

A colonoscopy that begins as an in-network screening service is subject to the $0 screening cost share, regardless of whether a polyp is found and/or removed during the procedure, under all UnitedHealthcare Medicare Advantage plans.
