You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Value & Balance Exchange reimbursement policies may use Current Procedural Terminology (CPT®), Centers for Medicare and Medicaid Services (CMS) or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement.

This reimbursement policy applies to all health care services billed on CMS 1500 forms and, when specified, to those billed on UB04 forms. Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy.

This information is intended to serve only as a general reference resource regarding UnitedHealthcare Value & Balance Exchange's reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, UnitedHealthcare Value & Balance Exchange may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Value & Balance Exchange enrollees. Policy

Overview

This document articulates UnitedHealthcare Value & Balance Exchange's policy regarding reimbursement to physicians or other health care professionals for codes which are assigned a status code "B" according to the Centers for Medicare and Medicaid Services (CMS) National Physician Fee Schedule (NPFS) Relative Value File.

Reimbursement Guidelines

All codes published on the NPFS Relative Value File are assigned a status code. The status code indicates whether the code is separately payable if the service is covered. Per the public use file that accompanies the NPFS Relative Value File, the following is stated for status code "B":

"Payment for covered services are always bundled into payment for other services not specified. If RVUs are shown, they are not used for Medicare payment. If these services are covered, payment for them is subsumed by the payment

for the services to which they are incident. (An example is a telephone call from a hospital nurse regarding care of a patient)."

Consistent with CMS, UnitedHealthcare Value & Balance Exchange will not separately reimburse for specific Current Procedural Terminology (CPT®) and Healthcare Common Procedure Coding System (HCPCS) codes assigned a status code "B" on the NPFs Relative Value File indicating a bundled procedure. B Bundle Codes are not reimbursable services regardless of whether they are billed alone or in conjunction with other services. The codes which UnitedHealthcare Value & Balance Exchange has included in this policy (for which separate reimbursement is not made) can be found in the attachment section.
