Policy

Overview

This policy sets forth UnitedHealthcare's policy regarding reimbursement for claims appended with modifier SU, *Procedure performed in physician's office (to denote use of facility and equipment)*, in an office place of service.

Reimbursement Guidelines

The Centers for Medicare and Medicaid Services (CMS) indicates that the Health Care Common Procedure Coding System (HCPCS) modifier SU, *Procedure performed in physician's office (to denote use of facility and equipment)*, is not payable. CMS establishes Relative Value Units (RVU) for CPT and HCPCS codes that include the costs of running an office (such as rent, equipment, supplies and nonphysician staff costs) which are referred to as the practice expense RVU. In accordance with CMS, UnitedHealthcare does not allow reimbursement for services appended with modifier

SU in an office place of service since the use of the office facility and equipment is included in the practice expense RVU, or the costs associated with operating an office.

If the charges associated with the use of the modifier SU are submitted by a different provider than the physician performing the office procedure, they will not be considered for separate reimbursement since these practice expenses are considered included in the reimbursement for the physician performing the service.

Definitions

Relative Value Units	The assigned unit value of a particular CPT or HCPCS code. The associated RVU is either from the CMS NPFS Non-Facility Total value or Facility Total value.
