Instructions for Use

Covered benefits are listed in three (3) sections: Federal/State Mandated Regulations, State Market Plan Enhancements, and Covered Benefits. All services must be medically necessary. Each benefit plan contains its own specific provisions for coverage, limitations, and exclusions as stated in the member’s Evidence of Coverage (EOC)/Schedule of Benefits (SOB). If there is a discrepancy between this policy and the member’s EOC/SOB, the member’s EOC/SOB provision will govern.
