This policy is applicable to UnitedHealthcare Medicare Advantage Plans offered by UnitedHealthcare and its affiliates.

You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Medicare Advantage reimbursement policies use Current Procedural Terminology (CPT®*), Centers for Medicare and Medicaid Services (CMS), or other coding guidelines. This reimbursement policy applies to all health care services billed on CMS 1500 forms and, when specified, to those billed on UB04 forms (CMS 1450). Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy.

Accordingly, UnitedHealthcare Medicare Advantage may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Medicare Advantage enrollees. Other factors affecting reimbursement may supplement, modify or, in some cases, supersede this policy. These factors may include, but are not limited to: legislative mandates, the physician or other provider contracts, and/or the enrollee's benefit coverage documents**. Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by UnitedHealthcare Medicare Advantage due to programming or other constraints; however, UnitedHealthcare Medicare Advantage strives to minimize these variations.

UnitedHealthcare Medicare Advantage may modify this reimbursement policy at any time to comply with changes in CMS policy and other national standard coding guidelines by publishing a new version of the reimbursement policy on this website. However, the information presented in this reimbursement policy is accurate and current as of the date of publication. UnitedHealthcare Medicare Advantage encourages physicians and other health care professionals to keep current with any CMS policy changes and/or billing requirements by referring to the CMS or your local carrier website regularly. Physicians and other health care professionals can sign up for regular distributions for policy or regulatory changes directly from CMS and/or your local carrier. Policy

Overview

The Co-Surgeon and Team Surgeon Policy identifies which procedures are eligible for Co-Surgeon and Team Surgeon

services as identified by the Centers for Medicare and Medicaid Services (CMS) National Physician Fee Schedule (NPFS).

A Co-Surgeon is identified by appending modifier 62 to the surgical code.
A Team Surgeon is identified by appending modifier 66 to the surgical code.

Reimbursement Guidelines

Co-Surgeon Services

Modifier 62 identifies a Co-Surgeon involved in the care of a patient at surgery. Each Co-Surgeon should submit the same *Current Procedural Terminology* (CPT®) code with modifier 62.

For services included on the Co-Surgeon Eligible List (see below), UnitedHealthcare Medicare Advantage will reimburse Co-Surgeon services at 63% of the Allowable Amount to each surgeon, subject to additional multiple procedure reductions if applicable (see Multiple Procedure Reduction section, below).

The Allowable Amount is determined independently for each surgeon and is calculated from the Allowable Amount that would be given to that surgeon performing the surgery without a Co-Surgeon. The reimbursable percentage amount (63%) of allowable is based on the rate adopted by CMS, which allows 62.5% of allowable to each Co-Surgeon.

Team Surgeon Services

Modifier 66 identifies Team Surgeons involved in the care of a patient during surgery. Each Team Surgeon should submit the same CPT code with modifier 66.

Each Team Surgeon is required to submit written medical documentation describing the specific surgeon's involvement in the total procedure. For services included on the Team Surgeon Eligible List (see below), UnitedHealthcare Medicare Advantage will review each submission with its appropriate medical documentation and will make reimbursement decisions on a case-by-case basis.

Co-Surgeon and Team Surgeon Eligible Services

The Co-Surgeon and Team Surgeon eligible services are based on the CMS NPFS status indicators.

Under the NPFS Co-Surgeon Data Element there are two indicators that indicate services for which the two surgeons, each in a different specialty may be paid. The indicators are:

- 1=Co-surgeons could be paid, though supporting documentation is required to establish the medical necessity of two surgeons for the procedure
- 2=Co-surgeons permitted and no documentation required if the two-specialty requirement is met

All codes in the NPFS with status code indicators "1" or "2" for "Co-Surgeons" are considered by UnitedHealthcare Medicare Advantage to be eligible for Co-Surgeon services as indicated by the co-surgeon modifier 62.

Under the NPFS Team Surgeons Data Element there are two indicators that indicate services for which the team surgeons may be paid. The indicators are:

- 1=Team surgeons could be paid, though supporting documentation required to establish medical necessity of a team; pay by report
- 2=Team surgeons permitted; pay by report

All codes in the NPFS with the status code indicators "1" or "2" for "Team Surgeons" are considered by UnitedHealthcare Medicare Advantage to be eligible for Team Surgeon services as indicated by the team surgeon modifier 66.

Multiple Procedure Reductions

Multiple procedure reductions apply to Co-Surgeon and Team surgeon claim submissions when one or more physicians are billing multiple CPT codes that are eligible for reductions.

Assistant Surgeon and Co-Surgeon Services During the Same Encounter

UnitedHealthcare Medicare Advantage follows CMS guidelines and does not reimburse for Assistant Surgeon services, as indicated by modifiers 80, 81, 82, or AS, for procedures where reimbursement has been provided for eligible Co-Surgeon services, using the same surgical procedure code, during the same encounter.

If a Co-Surgeon acts as an Assistant Surgeon in the performance of additional procedure(s) during the same surgical session, the procedures are reimbursable services (if eligible per the NPFS Assistant Surgeon Eligibility indicator) when indicated by separate procedure code(s) with modifier 80 or modifier 82 added, as appropriate.

Simultaneous Bilateral Services

Simultaneous bilateral services are those procedures in which each surgeon performs the same procedure on opposite sides. Each surgeon should report the simultaneous bilateral procedures with modifiers 50 and 62. Assistant Surgeon services will not be reimbursed services in addition to the simultaneous bilateral submission as described in the "Assistant Surgeon and Co-Surgeon Services" section in this policy.

Definitions

Allowable Amount	Defined as the dollar amount eligible for reimbursement to the physician or other qualified health care professional on the claim. Contracted rate, reasonable charge, or billed charges are examples of an Allowable Amount, whichever is applicable. For percent of charge or discount contracts, the Allowable Amount is determined as the billed amount, less the discount.
Assistant Surgeon	A physician or other qualified health care professional who is assisting the physician performing a surgical procedure
Co-Surgeons	Several physicians (usually with different specialties) working together as primary surgeons performing distinct part(s) of a procedure. Claims submitted by Co-Surgeons are identified with modifier 62.
Team Surgeons	Three or more surgeons (with different or same specialties) working together during an operative session in the management of a specific surgical procedure. Claims submitted by Team Surgeons are identified with modifier 66.
