Supply Policy, Professional

**IMPORTANT NOTE ABOUT THIS REIMBURSEMENT POLICY**
This policy is applicable to UnitedHealthcare Medicare Advantage Plans offered by UnitedHealthcare and its affiliates.

You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Medicare Advantage reimbursement policies use Current Procedural Terminology (CPT®), Centers for Medicare and Medicaid Services (CMS), or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement.

This reimbursement policy applies to all health care services billed on CMS 1500 forms and, when specified, to those billed on UB04 forms (CMS 1450). Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy.

This information is intended to serve only as a general resource regarding UnitedHealthcare’s Medicare Advantage reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, UnitedHealthcare Medicare Advantage may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Medicare Advantage enrollees. Other factors affecting reimbursement may supplement, modify or, in some cases, supersede this policy. These factors may include, but are not limited to: legislative mandates, the physician or other provider contracts, and/or the enrollee's benefit coverage documents**. Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by UnitedHealthcare Medicare Advantage due to programming or other constraints; however, UnitedHealthcare Medicare Advantage strives to minimize these variations.

UnitedHealthcare Medicare Advantage may modify this reimbursement policy at any time to comply with changes in CMS policy and other national standard coding guidelines by publishing a new version of the reimbursement policy on this website. However, the information presented in this reimbursement policy is accurate and current as of the date of publication. UnitedHealthcare Medicare Advantage encourages physicians and other health care professionals to keep current with any CMS policy changes and/or billing requirements by referring to the CMS or your local carrier website regularly. Physicians and other health care professionals can sign up for regular distributions for policy or regulatory changes directly from CMS and/or your local carrier. UnitedHealthcare's Medicare Advantage reimbursement policies do not include notations regarding prior authorization requirements.

**Application**

This reimbursement policy applies to services reported using the 1500 Health Insurance Claim Form (a/k/a CMS-1500) or its electronic equivalent or its successor form. This policy applies to all products and all network and non-network physicians and other qualified health care professionals, including, but not limited to, non-network authorized and percent of charge contract physicians and other qualified health care professionals.

**Policy**

**Overview**

This policy describes the reimbursement methodology for Healthcare Common Procedure Coding System (HCPCS) codes representing supplies, drugs and other items based on the Place of Service (POS) submitted and Centers for

Reimbursement Guidelines

Supply Reimbursement in a Physician's or Other Qualified Health Care Professional's Office and Other Nonfacility Places of Service

Casting and Splint Supplies
HCPCS codes A4570, A4580, and A4590 which were previously used for billing of splints and casts are invalid for Medicare and Q codes were established to reimburse physicians and other qualified health care professionals for the supplies used in creating casts. Consistent with CMS, UnitedHealthcare Medicare Advantage does not reimburse HCPCS codes A4570, A4580, and A4590 for casting and splint supplies. Physicians and other qualified health care professionals should use the Q codes (Q4001-Q4051) for reimbursement of casting and splint supplies.

For the purposes of this policy, a nonfacility place of service is considered POS 1, 3, 4, 9, 11, 13, 14, 15, 16, 17, 20, 33, 49, 50, 54, 55, 57, 60, 62, 65, 71, 72, 81 and 99.

Implantable Tissue Markers

CMS clarifies that implantable tissue markers (HCPCS code A4648) and implantable radiation dosimeters (HCPCS code A4650) are separately billable and payable when used in conjunction with CPT codes 19499, 32553, 49411 or 55876 on a claim for physician services. Consistent with CMS, UnitedHealthcare Medicare Advantage will allow separate reimbursement for HCPCS codes A4648 and A4650 when billed on the same date of service with either CPT codes 19499, 32553, 49411 or 55876. If not reported with at least one of these CPT codes, HCPCS codes A4648 and A4650 are not separately reimbursable.

Reimbursement for Supplies, Durable Medical Equipment (DME), Orthotics, Prosthetics, Biologicals, and Drugs Reported with Facility Places of Service

CMS follows a Prospective Payment System (PPS) where Medicare payment is based on a predetermined, fixed amount payable to a facility for inpatient or outpatient hospital services. In addition, CMS reimburses Ambulatory Surgery Centers (ASC) under an ASC payment system. With these payment systems, all costs associated with drugs and supplies are also deemed included in the payment to the facility and not considered separately reimbursable when reported on a CMS-1500 claim form by a physician or other qualified health care professional.

Consistent with CMS, UnitedHealthcare Medicare Advantage will not allow separate reimbursement for specific HCPCS supplies, DME, orthotics, prosthetics, biologicals, and drugs reported with a HCPCS J code when submitted on a CMS-1500 claim form by any physician or other qualified health care professional in the following facility POS: 19, 21, 22, 23, and 24.

Supply Code 99070

For reimbursement of covered medical and surgical supplies, an appropriate Level II HCPCS code must be submitted. The non-specific CPT code 99070 (supplies and materials, except spectacles, provided by the physician or other health care professional and above those usually included with the office visit or other services rendered [list drugs, trays, supplies, or materials provided]) is not reimbursable in any setting.
