

## Services and Modifiers Not Reimbursable to Health Care Professionals Policy, Professional

### **IMPORTANT NOTE ABOUT THIS REIMBURSEMENT POLICY**

*You are responsible for submission of accurate claims. This reimbursement policy is intended to ensure that you are reimbursed based on the code or codes that correctly describe the health care services provided. UnitedHealthcare Community Plan reimbursement policies uses Current Procedural Terminology (CPT®), Centers for Medicare and Medicaid Services (CMS) or other coding guidelines. References to CPT or other sources are for definitional purposes only and do not imply any right to reimbursement.*

*This reimbursement policy applies to all health care services billed on CMS 1500 forms and, when specified, to those billed on UB04 forms. Coding methodology, industry-standard reimbursement logic, regulatory requirements, benefits design and other factors are considered in developing reimbursement policy.*

*This information is intended to serve only as a general reference resource regarding UnitedHealthcare Community Plan's reimbursement policy for the services described and is not intended to address every aspect of a reimbursement situation. Accordingly, UnitedHealthcare Community Plan may use reasonable discretion in interpreting and applying this policy to health care services provided in a particular case. Further, the policy does not address all issues related to reimbursement for health care services provided to UnitedHealthcare Community Plan enrollees.*

**Other factors affecting reimbursement supplement, modify or, in some cases, supersede this policy. These factors include, but are not limited to: federal &/or state regulatory requirements, the physician or other provider contracts, the enrollee's benefit coverage documents, and/or other reimbursement, medical or drug policies.**

*Finally, this policy may not be implemented exactly the same way on the different electronic claims processing systems used by UnitedHealthcare Community Plan due to programming or other constraints; however, UnitedHealthcare Community Plan strives to minimize these variations.*

*UnitedHealthcare Community Plan may modify this reimbursement policy at any time by publishing a new version of the policy on this Website. However, the information presented in this policy is accurate and current as of the date of publication.*

### Application

**This reimbursement policy applies to UnitedHealthcare Community Plan Medicaid products.**

This reimbursement policy applies to services reported using the 1500 Health Insurance Claim Form (a/k/a CMS-1500) or its electronic equivalent or its successor form. This policy applies to all products and all network and non-network physicians and other qualified health care professionals, including, but not limited to, non-network authorized and percent of charge contract physicians and other qualified health care professionals.

### Policy

#### Overview

All codes published on the National Physician Fee Schedule (NPFs) by the Centers for Medicaid Services (CMS) are assigned a status code. The status code indicates whether the code is separately payable if the service is covered.

#### Reimbursement Guidelines

Per the public use file that accompanies the NPFs Relative Value File, the following status indicators are listed:

Status Code:	
M	Measurement codes. Used for reporting purposes only.
Q	Therapy functional information code (used for required reporting purposes only).

Consistent with CMS and in accordance with correct coding, UnitedHealthcare Community Plan will deny codes that have the CMS NPFs Relative Value File designation of status M or status Q reported on a CMS-1500 form as these are designated “for reporting purposes only.” Refer to the “Attachment” section for a complete list of codes.

### Modifiers

In accordance with the CPT book and CMS, the following modifiers have been approved and designated for use by ambulatory surgery centers (ASC) or in the outpatient hospital setting. UnitedHealthcare Community Plan will deny codes appended with these modifiers when reported by a physician or other health care professional:

Modifiers			
27	73	74	PO

The following modifiers represent services that are funded by a county, state or federal agency, and therefore additional reimbursement for such services would not be appropriate. With the exception of ambulance transport providers which use the modifier SE to report the origin and destination of ambulance transportation, UnitedHealthcare Community Plan will deny codes appended with the following modifiers when reported by any physician or other health care professional.

Modifiers		
SE	HV	HZ
SL	HW	QJ
H9	HX	TR
HU	HY	

### State Exceptions

<b>Arizona</b>	Arizona Medicaid is excluded from modifiers 27, 73 and 74 in the Modifier Section.
<b>California</b>	California Medicaid allows physician reimbursement for G8431, G8510, G9919 & G9920
<b>New York</b>	Based on State requirements, G8510 is considered reimbursable
<b>Ohio</b>	Based on Medicaid requirements, M and Q codes are allowed based on Ohio MMP reporting and billing requirements.
<b>Texas</b>	Texas Medicaid will allow physician reimbursement for G8431 or G8510
