Coverage Rationale

Knee replacement surgery (arthroplasty) is proven and medically necessary in certain circumstances. For medical necessity clinical coverage criteria, see the following MCG™ Care Guidelines, 24th edition, 2020:

- For total knee arthroplasty: Knee Arthroplasty, Total, S-700 (ISC)
- For unicompartmental knee arthroplasty: Musculoskeletal Surgery or Procedure GRG: SG-MS (ISC GRG)

Documentation Requirements

Benefit coverage for health services is determined by the member specific benefit plan document and applicable laws that may require coverage for a specific service. The documentation requirements outlined below are used to assess whether the member meets the clinical criteria for coverage but do not guarantee coverage of the service requested.

Required Clinical Information
<p>Knee Arthroplasty or Arthroplasty Revision</p> <p>Medical notes documenting the following, as applicable:</p> <ul style="list-style-type: none"> Upon request, we may require the specific diagnostic image(s) that show the abnormality for which surgery is being requested, which may include MRI, CT scan, X-ray, and/or bone scan; consultation with requesting surgeon may be of benefit to select the optimal images <ul style="list-style-type: none"> Note: When requested, diagnostic image(s) must be labeled with: <ul style="list-style-type: none"> The date taken Applicable case number obtained at time of notification, or member's name and ID number on the image(s) Upon request, diagnostic imaging must be submitted via the external portal at www.uhcprovider.com/paan; faxes will not be accepted Diagnostic image (s) report(s) Condition requiring procedure

Required Clinical Information

Knee Arthroplasty or Arthroplasty Revision

- Severity of pain and details of functional disability(ies) interfering with activities of daily living (preparing meals, dressing, driving, walking) using a standard scale, such as the Western Ontario and McMaster Universities Arthritis Index (WOMAC) or the Knee injury and Osteoarthritis Outcome Score (KOOS)
- Physician's treatment plan, including pre-op discussion
- Pertinent physical examination of the relevant joint
- Co-morbid medical condition(s)
- Therapies tried and failed of the following including dates:
 - Orthotics
 - Medications/injections
 - Physical therapy
 - Surgical
 - Other pain management procedures
- Date of failed previous surgery to the same joint (proximal tibial or distal femoral osteotomy, if applicable)
- For revision surgery, include documentation of the complication and the complete (staged) surgical plan
- For CPT codes 27446 and 27447; if the location is being requested as an inpatient stay, provide medical notes to support at least one of the following:
 - Surgery is bilateral
 - Member has significant co-morbidities; include the list of comorbidities and current treatment
 - Member does not have appropriate resources to support post-operative care after an outpatient procedure; include the barriers to care as an outpatient

Note: Device information is not utilized in prior authorization determinations.

Provide the following details on the device you intend to use during the procedure:

- Specify which implant brand or manufacturer to be used:
 - Arthrex
 - BioMet
 - Conformis
 - Consensus
 - DePuy Synthes
 - DJO Surgical
 - MicroPort
 - Smith & Nephew
 - Stryker
 - Zimmer
 - Other (include name and reason for this selection)
- Provide the fixation type from the following:
 - Cemented
 - Cemented with antibiotic impregnated
 - Non-cemented
 - Other (if another fixation type, then explain)
 - Cannot identify fixation prior to procedure

Definitions

Significant Radiographic Findings: Kellgren-Lawrence classification of osteoarthritis grade 4-large osteophytes, marked joint space narrowing, severe sclerosis, definite bone ends deformity (Kohn et al., 2016; Dowsey et al., 2012)

Applicable Codes

The following list(s) of procedure and/or diagnosis codes is provided for reference purposes only and may not be all inclusive. Listing of a code in this guideline does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by the member specific benefit plan document and applicable laws

that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other Policies and Guidelines may apply.

CPT Code	Description
27445	Arthroplasty, knee, hinge prosthesis (e.g., Walldius type)
27446	Arthroplasty, knee, condyle and plateau; medial OR lateral compartment
27447	Arthroplasty, knee, condyle and plateau; medial AND lateral compartments with or without patella resurfacing (total knee arthroplasty)
27486	Revision of total knee arthroplasty, with or without allograft; 1 component
27487	Revision of total knee arthroplasty, with or without allograft; femoral and entire tibial component

CPT® is a registered trademark of the American Medical Association

U.S. Food and Drug Administration (FDA)

This section is to be used for informational purposes only. FDA approval alone is not a basis for coverage.

Knee replacement surgery is a procedure and therefore is not regulated by the FDA. However, devices and instruments used during the surgery require FDA approval. See the following website for additional information (product codes MBH, JWH, KRO): <http://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfPMN/pmn.cfm>.

(Accessed January 20, 2020)

FDA-approved knee replacement surgery devices are generally approved for any or all of the following:

- Non-inflammatory degenerative joint disease such as osteoarthritis
- Rheumatoid arthritis
- Post-traumatic arthritis
- Complex fracture(s) of the distal (lower) femur
- Revision of failed knee replacement surgery
- Correction of functional deformity

Instructions for Use

This Medical Management Guideline provides assistance in interpreting UnitedHealthcare standard benefit plans. When deciding coverage, the member specific benefit plan document must be referenced as the terms of the member specific benefit plan may differ from the standard plan. In the event of a conflict, the member specific benefit plan document governs. Before using this guideline, please check the member specific benefit plan document and any applicable federal or state mandates. UnitedHealthcare reserves the right to modify its Policies and Guidelines as necessary. This Medical Management Guideline is provided for informational purposes. It does not constitute medical advice.

UnitedHealthcare may also use tools developed by third parties, such as the MCG™ Care Guidelines, to assist us in administering health benefits. UnitedHealthcare West Medical Management Guidelines are intended to be used in connection with the independent professional medical judgment of a qualified health care provider and do not constitute the practice of medicine or medical advice.

Member benefit coverage and limitations may vary based on the member's benefit plan Health Plan coverage provided by or through UnitedHealthcare of California, UnitedHealthcare Benefits Plan of California, UnitedHealthcare of Oklahoma, Inc., UnitedHealthcare of Oregon, Inc., UnitedHealthcare Benefits of Texas, Inc., or UnitedHealthcare of Washington, Inc.
