

# Network Gap Exception Request Form instructions

You can request a network gap exception when there aren't enough health care professionals in a local area or in a specific specialty.

## Step 1: Submit a prior authorization request

Submit a prior authorization request online on the UnitedHealthcare Provider Portal or by contacting Provider Services.

- Online –
  - Go to [UHCprovider.com](https://UHCprovider.com) and click Sign In at the top-right corner
  - Enter your One Healthcare ID and password
- If you don't have a One Healthcare ID, visit [UHCprovider.com/access](https://UHCprovider.com/access) to get started
  - In the menu, select Prior Authorizations
- Provider Services – Chat with a live advocate 7 a.m.–7 p.m. CT from the [UnitedHealthcare Provider Portal](#)

You will be assigned a service reference (case) number when you submit your online prior authorization request. Provider Services will give you the service reference number. You must include the service reference number on the Network Gap Exception Form.

## Step 2: Complete the Network Gap Exception Request Form

Please complete the required fields:

- Service reference number

- All health care professional information, including the in-network referring health care professional. The in-network referring health care professional is typically the member's primary care provider (PCP) but can also be any in-network health care professional who refers the member.
- If a specialty request, list the specific clinical reason for the network exception
  - If you are requesting specialized equipment, include the make/model information
