

UnitedHealthcare Medicare Advantage Cardiology Prior Authorization Program

Electrophysiology Implant CPT® Code Classification Table

The table below contains the CPT codes that apply to our UnitedHealthcare Medicare Advantage cardiology prior authorization program. Prior authorization numbers represent the specific procedure requested and are valid for 45 calendar days from the date they're issued. You can verify if prior authorization is required or initiate a request by calling **866-889-8054**.

CPT Code	CPT Description	Includes Generator Placement	Includes Lead Placement	Includes Removal of Existing Device	Device Type
33206	Insertion of new or replacement of permanent pacemaker with transvenous electrode(s); atrial	Yes	Yes	No	Pacemaker
33207	Insertion of new or replacement of permanent pacemaker with transvenous electrode(s); ventricular	Yes	Yes	No	Pacemaker
33208	Insertion of new or replacement of permanent pacemaker with transvenous electrode(s); atrial and ventricular	Yes	Yes	No	Pacemaker/ CRT
33212	Insertion of pacemaker pulse generator only; with existing single lead	Yes	No	No	Pacemaker
33213	Insertion of pacemaker pulse generator only; with existing dual leads	Yes	No	No	Pacemaker
33214	Upgrade of implanted pacemaker system, conversion of single chamber system to dual chamber system (includes removal of previously placed pulse generator, testing of existing lead, insertion of new lead, insertion of new generator)	Yes	Yes	Yes	Pacemaker
33221	Insertion of pacemaker pulse generator only; with existing multiple leads	Yes	No	No	CRT
33224	Insertion of pacing electrode, cardiac venous system, for left ventricular pacing, with attachment to previously placed pacemaker or implantable defibrillator pulse generator (including revision of pocket, removal, insertion and/or replacement of existing generator)	Yes	Yes	Yes	CRT
33225	Insertion of pacing electrode, cardiac venous system, for left ventricular pacing, at time of insertion of implantable defibrillator or pacemaker pulse generator (e.g., for upgrade to dual chamber system) (istseparatelyinaddition to code for primary procedure)	Yes	Yes	No	CRT
33227	Removal of permanent pacemaker pulse generator with replacement of pacemaker pulse generator; single lead system	Yes	No	Yes	Pacemaker
33228	Removal of permanent pacemaker pulse generator with replacement of pacemaker pulse generator; dual lead system	Yes	No	Yes	Pacemaker
33229	Removal of permanent pacemaker pulse generator with replacement of pacemaker pulse generator; multiple lead system	Yes	No	Yes	CRT
33230	Insertion of implantable defibrillator pulse generator only; with existing dual leads	Yes	No	No	ICD
33231	Insertion of implantable defibrillator pulse generator only; with existing multiple leads	Yes	No	No	CRT
33240	Insertion of implantable defibrillator pulse generator only; with existing single lead	Yes	No	No	ICD
33249	Insertion or replacement of permanent implantable defibrillator system, with transvenous lead(s); single or dual chamber	Yes	Yes	No	ICD/CRT
33262	Removal of implantable defibrillator pulse generator with replacement of implantable defibrillator pulse generator; single lead system	Yes	No	Yes	ICD
33263	Removal of implantable defibrillator pulse generator with replacement of implantable defibrillator pulse generator; dual lead system	Yes	No	Yes	ICD
33264	Removal of implantable defibrillator pulse generator with replacement of implantable defibrillator pulse generator; multiple lead system	Yes	No	Yes	CRT
33270	Insertion or replacement of permanent subcutaneous implantable defibrillator system, with subcutaneous electrode, including defibrillation threshold evaluation, induction of arrhythmia, evaluation of sensing for arrhythmia termination, and programming or reprogramming of sensing or therapeutic parameters, when performed.	Yes	Yes	Yes	ICD

UnitedHealthcare Medicare Advantage Cardiology Prior Authorization Program

Diagnostic Catheterization CPT® Code Classification Table

The table below contains the CPT codes that apply to our UnitedHealthcare Medicare Advantage cardiology prior authorization program. Prior authorization numbers represent the specific procedure requested and are valid for 45 calendar days from the date they're issued. You can verify if prior authorization is required or initiate a request by calling **866-889-8054**.

CPT Code	CPT Description
93452	Left heart catheterization, including intraprocedural injection(s) for left ventriculography, imaging supervision and interpretation, when performed
93453	Combined right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, imaging supervision and interpretation, when performed
93454	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation
93455	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with catheter placement(s) in bypass graft(s) (internal mammary, free arterial venous grafts), including intraprocedural injection(s) for bypass graft angiography
93456	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right heart catheterization
93457	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts), including intraprocedural injection(s) for bypass graft angiography and right heart catheterization
93458	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed
93459	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed, catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts) with bypass graft angiography
93460	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed
93461	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed, catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts) with bypass graft angiography

UnitedHealthcare Medicare Advantage Cardiology Prior Authorization Program

Stress Echocardiography CPT® Code Classification Table

The table below contains the CPT codes that apply to our UnitedHealthcare Medicare Advantage cardiology prior authorization program. Prior authorization numbers represent the specific procedure requested and are valid for 45 calendar days from the date they're issued. You can verify if prior authorization is required or initiate a request by calling **866-889-8054**.

CPT Code	CPT Description
93350	Echocardiography, transthoracic, real-time with image documentation (2D), includes M-mode recording, when performed, during rest and cardiovascular stress test using treadmill, bicycle exercise and/or pharmacologically-induced stress, with interpretation and report
93351	Echocardiography, transthoracic, real-time with image documentation (2D), includes M-mode recording, when performed, during rest and cardiovascular stress test using treadmill, bicycle exercise and/or pharmacologically-induced stress, with interpretation and report; including performance of continuous electrocardiographic monitoring, with supervision by a physician or other qualified health care professional

UnitedHealthcare Medicare Advantage Cardiology Prior Authorization Program

Diagnostic Catheterization CPT® Code Crosswalk Table

The following table contains CPT codes that are interchangeable for prior authorization. Substitution is appropriate if a care provider obtains prior authorization for a procedure that corresponds with this Crosswalk Table. You can verify if prior authorization is required or initiate a request by calling **866-889-8054**.

Diagnostic Catheterization Crosswalk			
Prior Authorization Given With This CPT Code			Claim Submitted With This CPT Code Will Be Allowed
CPT Code	CPT Description		
93452	Left heart catheterization, including intraprocedural injection(s) for left ventriculography, imaging supervision and interpretation, when performed	93453-93461	Various descriptions - see Page 2
93453	Combined right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, imaging supervision and interpretation, when performed	93452; 93454-93461	Various descriptions - see Page 2
93454	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation	93452-93453; 93455-93461	Various descriptions - see Page 2
93455	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with catheter placement(s) in bypass graft(s) (internal mammary, free arterial venous grafts), including intraprocedural injection(s) for bypass graft angiography	93452-93454; 93456-93461	Various descriptions - see Page 2
93456	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right heart catheterization	93452-93455; 93457-93461	Various descriptions - see Page 2
93457	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts), including intraprocedural injection(s) for bypass graft angiography and right heart catheterization	93452-93456; 93458-93461	Various descriptions - see Page 2
93458	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed	93452-93457; 93459-93461	Various descriptions - see Page 2
93459	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed, catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts) with bypass graft angiography	93452-93458; 93460-93461	Various descriptions - see Page 2
93460	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed	93452-93459; 93461	Various descriptions - see Page 2
93461	Catheter placement in coronary artery(s) for coronary angiography, including intraprocedural injection(s) for coronary angiography, imaging supervision and interpretation; with right and left heart catheterization, including intraprocedural injection(s) for left ventriculography, when performed, catheter placement(s) in bypass graft(s) (internal mammary, free arterial, venous grafts) with bypass graft angiography	93452- 93460	Various descriptions - see Page 2

Please note: There are no substitute CPT codes for electrophysiology implant procedures.

UnitedHealthcare Medicare Cardiology Prior Authorization Program

Stress Echocardiogram CPT® Code Crosswalk Table

The following table contains CPT codes that are interchangeable for prior authorization. Substitution is appropriate if a care provider obtains prior authorization for a procedure that corresponds with this Crosswalk Table. You can verify if prior authorization is required or initiate a request by calling **866-889-8054**.

Stress Echocardiogram				
Prior Authorization Given With This CPT Code			Claim Submitted With This CPT Code Will Be Allowed	
CPT Code	CPT Description			
93350	Echocardiography, transthoracic, real-time with image documentation (2D), includes M-mode recording, when performed, during rest and cardiovascular stress test using treadmill, bicycle exercise and/or pharmacologically-induced stress, with interpretation		93351	Various descriptions – see Page 3.
93351	Echocardiography, transthoracic, real-time with image documentation (2D), includes M-mode recording, when performed, during rest and cardiovascular stress test using treadmill, bicycle exercise and/or pharmacologically-induced stress, with interpretation		93350	Various descriptions – see Page 3.

Please note: There are no substitute CPT codes for electrophysiology implant procedures.
