3. Clinical Information:
   - The cardiac procedure(s) being requested, with the CPT code(s).
   - The working diagnosis with the appropriate ICD code(s).
   - The member’s clinical condition, which may include any symptoms, listed in detail, with severity and duration; any treatments that have been received, including dosage and duration for drugs; and dates for other therapies.
   - Dates of prior imaging studies performed.
   - Any other information that the care provider believes will help in evaluating whether the service ordered meets current evidence-based clinical guidelines, including, but not limited to, prior diagnostic tests and consultation reports.

Retrospective Reviews
You must call 866-889-8054 to initiate retrospective reviews.
If the ordering care provider determines that a cardiology procedure is medically required on an urgent basis, and a prior authorization number cannot be requested because it is outside of UnitedHealthcare’s normal business hours, a prior authorization number must be requested retrospectively. Electrophysiology implants and diagnostic catheterizations must be requested within 15 calendar days after the date of service. Stress echocardiogram procedures must be requested within 2 business days after the date of service.

   - Documentation must include an explanation of why the procedure was required on an urgent basis and why prior authorization could not be requested during UnitedHealthcare’s normal business hours.

Cardiology Prior Authorization Phone Options
Please call 866-889-8054 and use the following options:

Request Prior Authorization:
