Prior Authorization for Therapeutic Radiation Procedures Including Intensity Modulation Radiation Treatment (IMRT), Stereotactic Radio Surgery (SRS) and Stereotactic Body Radiation Therapy (SBRT)

This worksheet is a tool to help you identify and collect the clinical information required to support a prior authorization request for UnitedHealthcare Medicare Advantage members. After the clinician completes the clinical information, please go to UHCprovider.com > Prior Authorization and Notification > Oncology > Medicare Advantage Therapeutic Radiation to submit the prior authorization request. Submitting the clinical information from this worksheet alone won’t automatically result in prior authorization approval; additional clinical information may be requested during the clinical review process. If you have questions about your submission or need to request an expedited review, please call 866-889-8054.
