Physician Worksheet for Prostate Cancer
Medicare Advantage Prior Authorization Request

Prior Authorization for Therapeutic Radiation Procedures Including
Intensity Modulation Radiation Treatment (IMRT), Stereotactic Radio Surgery (SRS) and Stereotactic
Body Radiation Therapy (SBRT)

This worksheet is a tool to help you identify and collect the clinical information required to support a prior
authorization request for Medicare Advantage members. After the clinician completes the clinical information, please go to UHCprovider.com > Prior Authorization and Notification > Oncology > Medicare Advantage Therapeutic Radiation to submit the prior authorization request. Submitting the clinical information from this worksheet alone won’t automatically result in prior authorization approval. If you have questions about prior authorization submissions or need to request an expedited review, please call UnitedHealthcare Clinical Requests at 866-889-8054.
