

UnitedHealthcare Medicare Advantage Prior Authorization Requirements

Effective July 1, 2020

General Information

This list contains prior authorization requirements for care providers who participate with UnitedHealthcare Medicare Advantage for inpatient and outpatient services. This includes UnitedHealthcare Dual Complete and other plans listed in the following “Included Plans” section. Health plans excluded from the requirements are listed in the “Excluded Plans” section on Page 2.

To request prior authorization, please submit your request online or by phone:

- **Online:** Use the Prior Authorization and Notification tool on Link. Go to UHCprovider.com and click on the Link button in the top right corner. Then, select the Prior Authorization and Notification tool on your Link dashboard.
- **Phone:** 877-842-3210

Prior authorization is not required for emergency or urgent care.

Note: If you are a network provider who is contracted directly with a delegated medical group/IPA, then you must follow the delegate’s protocols. Delegates may use their own systems and forms. They must meet the same regulatory and accreditation requirements as UnitedHealthcare.

Plans with referral requirements: If a member’s health plan ID card says “Referral Required,” certain services may require a referral from the member’s primary care provider and prior authorization obtained by the treating physician. You can find more information about the referral process in the 2019 UnitedHealthcare Care Provider Administrative Guide at UHCprovider.com/guides.

The following listed plans require prior authorization for in-network services:

As explained in the benefit plan section, some UnitedHealthcare Dual Eligible Special Needs Plans (D-SNP) and Medicare Advantage benefit plans offered by UnitedHealthcare Community Plan are not subject to an additional manual and are therefore subject to the Administrative Guide.
