Prior Authorization Requirements for UnitedHealthcare Mid-Atlantic Health Plans

Effective May 1, 2024

General Information

This list contains prior authorization review requirements for care providers who participate with UnitedHealthcare Mid-Atlantic Health Plans for inpatient and outpatient services.

To request prior authorization, please submit your request online, or by phone:

• Online: Use the Prior Authorization and Notification tool on UnitedHealthcare Provider Portal. Go to UHCprovider.com and click on the UnitedHealthcare Provider Portal button in the top right corner. Then, select the Prior Authorization and Notification tile on your Provider Portal dashboard.

• Phone: 877-842-3210

Prior authorization is not required for emergency or urgent care. Out-of-network physicians, facilities and other health care providers must request prior authorization for all procedures and services, excluding emergent or urgent care.

Prior authorization is required for elective services. It's the physician's responsibility to obtain relevant prior authorization. However, the facility must verify that coverage approval is on file before performing a service. Payment may be denied for services rendered without prior authorization. All final decisions concerning coverage and payment are based upon plan member eligibility, the member's benefits, the care provider's contract and applicable state law.

Procedures and services	Additional Information	CPT [®] or HC	PCS codes and	how to obtain p	orior authorization

Procedures and services	Additional Information	CPT® or HCPCS codes and how to obtain prior authorization
Injectable medications (cont.)		 For code J0885, prior authorization is required for both oncology and non-oncology DX. Prior authorization is not required for ESRD diagnosis. As stated in the UHC medical drug policy, Aduhelm is unproven and not medically necessary for the treatment of Alzheimer's disease due to insufficient clinical evidence of efficacy Some members may not have coverage for these drugs
Inpatient admissions- post acute services	Prior authorization and notification of admission date required for these facilities providing post-acute inpatient services:	
MR-guided focused ultrasound (MRgFUS) to treat uterine fibroid MR-guided focused ultrasound procedures and treatments	Notification/prior authorization required MR-guided focused ultrasound is a covered service for certain benefit plans, subject to the terms and conditions of those benefit plans, which generally are as follows: A physician and/or facility must confirm coverage of the service for the member. A hospital and/or facility must be contracted with UnitedHealthcare. Members have no out-of-network benefits for MRgFUS. A member must consent in writing to the procedure acknowledging that UnitedHealthcare doesn't believe sufficient clinical evidence has been published in peer- reviewed medical literature to conclude the service is safe and/or effective. A member must agree in writing to not hold UnitedHealthcare responsible if they're not satisfied with the results. A physician and facility must have demonstrated experience and expertise in MRgFUS, as determined by UnitedHealthcare. A physician and facility must follow U.S. Food and Drug Administration labeled	

indications for use.
