Is the requested medication: New or Continuation of Therapy? If continuation, list start date: _____
 Is this patient currently hospitalized? Yes No If recently discharged, list discharge date: _____
 Is this member pregnant? Yes No If yes, what is this member's due date? _____

Medication Information

Medication:	Strength:
Directions for use:	Quantity:
Medication Administered: <input type="checkbox"/> Self-Administered <input type="checkbox"/> Physician's Office <input type="checkbox"/> Other: _____	

Clinical Information

What is the patient's diagnosis for the medication being requested? _____

 ICD-10 Code(s): _____

Are there any supporting laboratory or test results related to the patient's diagnosis? *(Please specify or provide documentation)*

Previous Medication Trials / Contraindications

Please refer to the patient's PDL at www.uhcprovider.com for a list of preferred alternatives

What medication(s) does the patient have a history of **failure** to? *(Please specify ALL medication(s)/strengths tried, directions, length of trial, and reason for discontinuation of each medication)*

What medication(s) does the patient have a **contraindication or intolerance** to? *(Please specify ALL medication(s) with the associated contraindication to or specific issues resulting in intolerance to each medication)*

Clinical and Drug Specific Information

Yes No Does the prescriber attest to ALL of the following: (REQUIRED)

- Risk assessment has been performed
- Pain Medication Agreement with informed consent has been reviewed with, completed and signed by the patient
- MAPS/NarxCare report has been reviewed by prescriber in last 30 days. (Please do not submit the MAPS report.) Concurrently prescribed drugs have been reviewed and that based on prescriber's assessment the drugs and doses are safe for the member
- Concurrently prescribed drugs have been reconciled and reviewed for safety
- Non-opioid pain interventions have been recommended and/or utilized (i.e., Non-opioid medications and Adjuvant therapies such as physical therapy (PT), occupational therapy (OT), behavioral therapies, or weight loss)
- A toxicology screen (urine or blood) from a commercial lab has been performed at appropriate intervals. Results from toxicology screen showed expected results.
- Patient has been counseled on obtaining and the appropriate utilization of a Narcan (naloxone) kit
- If applicable, the patient has been counseled on the potential increased risk of adverse effects when opioids are taken concomitantly with opioid potentiators (e.g. benzodiazepines/sedative hypnotics, stimulants, gabapentinoids, muscle relaxers)

Prescriber's Signature: _____ **Date:** _____

Opioid overdose reversal medications are a covered benefit without prior authorization. CDC guidelines recommend offering naloxone to patients at increased risk of overdose, defined as: history of overdose or substance use disorder, doses > 50 MME/day, or concurrent use with benzodiazepines. Please refer to Preferred Drug Plan for preferred products.

ALL REQUESTS

<input type="checkbox"/> Yes <input type="checkbox"/> No	<p>Does the patient meet any of the following conditions or care instances? (If yes, check which applies)</p> <input type="checkbox"/> Cancer diagnosis <input type="checkbox"/> End-of-life care <input type="checkbox"/> Hospice care <input type="checkbox"/> Palliative care <input type="checkbox"/> Sickle cell anemia
----------------------------------------------------------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<input type="checkbox"/> Yes <input type="checkbox"/> No	<p>Has the patient had a therapeutic failure of <u>one week</u> each with preferred medications? (If yes, complete "Previous Medication Trials/Contraindications" section on first page)</p>
----------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<input type="checkbox"/> Yes <input type="checkbox"/> No	<p>Does the patient have an allergy, contraindication, drug to drug interaction, or a history of unacceptable side effects to all the preferred medications? (If yes, complete "Previous Medication Trials/Contraindications" section on first page)</p>
----------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

QUANTITY LIMIT

**Requests for more than a 7-day supply when the patient is opioid naïve
(defined as not having filled an opioid in the past 60 days)**

<input type="checkbox"/> Yes <input type="checkbox"/> No	<p>Does any of the following apply to the patient? (If yes, check all that apply)</p> <input type="checkbox"/> Traumatic injury <input type="checkbox"/> Post-surgical procedures, excluding dental procedures <input type="checkbox"/> Prescriber attests that the patient has received an opioid within the past 60 days
----------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<input type="checkbox"/> Yes <input type="checkbox"/> No	<p>Does the prescriber attest to both of the following? (If yes, check all that apply)</p> <input type="checkbox"/> The information provided is true and accurate to the best of their knowledge and they understand that UnitedHealthCare may perform a routine audit and request the medical information necessary to verify the accuracy of the information provided. <input type="checkbox"/> If requested for traumatic injury or post-surgical procedure, prescriber attests that based on injury or surgical procedure performed, the patient requires greater than a 7-day supply of short-acting opioid to adequately control pain.
