## Coding Procedures for Welcome to Medicare Visit, Annual Wellness Visit and Other Preventive Screenings

The following coding procedures for UnitedHealthcare Medicare Advantage plans for 2018 can help you determine the appropriate submission codes for covered preventive services. For more information on the Centers for Medicare & Medicaid Services (CMS) policies that define the procedures, and to determine if a service is covered by Medicare, please click the appropriate link in the following list:

- Medicare Physician Fee Schedule
- CMS Internet Only Manuals (IOM)
- CMS National Correct Coding Initiative (NCCI)
- CMS Medicare Coverage Database (NCD/LCD Lookup)
- CMS Preventive Services Guide

### A Note About Cost Sharing:
All references to cost sharing for in-network and out-of-network care providers apply to most UnitedHealthcare Medicare Advantage plans. However, both Original Medicare and UnitedHealthcare’s Private Fee-For-Service Medicare Advantage plans don’t have provider networks. For these plans, the in-network cost sharing shown in each table applies.

### Wellness Visits

<table>
<thead>
<tr>
<th>Service</th>
<th>Covered By</th>
<th>Copayment</th>
<th>Visit Frequency</th>
<th>Submission Codes</th>
</tr>
</thead>
</table>
| Welcome to Medicare Visit Initial Preventive Physical Exam (IPPE) | • Original Medicare  
  • UnitedHealthcare Medicare Advantage plans when performed by the member’s primary care physician (PCP) | • $0 in-network  
  • A copay or co-insurance may apply if the member sees an out-of-network doctor | Within first 12 months of Medicare Part B coverage | • G0402*                  |
| Annual Wellness Visit Personalized Prevention Plan Services (PPPS) | • Original Medicare  
  • UnitedHealthcare Medicare Advantage plans when performed by the member’s PCP | • $0 in-network  
  • A copay or co-insurance may apply if the member sees an out-of-network doctor | Every calendar year (visits do not need to be 12 months apart) | • G0438* (first visit)  
  • G0439* (subsequent visit) |
| Annual Routine Physical Exam         | • UnitedHealthcare Medicare Advantage plans when performed by the member’s PCP  
  Not covered by Original Medicare | • $0 in-network  
  • A copay or co-insurance may apply if the member sees an out-of-network doctor | Every calendar year (visits do not need to be 12 months apart) | • 99385-87  
  • 99395-97 |

*A Welcome to Medicare Visit or an Annual Wellness Visit performed in a federally qualified health center (FQHC) is payable under the FQHC prospective payment system (PPS). Code G0468 must be accompanied by qualifying visit code G0402, G0438 or G0439.

All codes are subject to change. Please follow original Medicare-covered indications and coding rules when billing Medicare-covered preventive services using the CMS policies listed in the Resources section (NCCI Policy, IOM Claims Processing Manual, etc.). Please review codes at cms.gov before submitting claims.

Wellness Visits — continued

Notes:
- See the Types of Office Visits section for specific services to be provided during each type of visit.
- Annual Routine Physical Exam coverage: If you bill the 99XXX codes for these services, you must provide a head-to-toe exam and can’t bill for a separate breast and pelvic exam, digital rectal exam or counseling to promote healthy behavior. See the Types of Office Visits section for a list of the specific components included in the visit.
- Members may receive either the Welcome to Medicare Visit or the Annual Wellness Visit along with the Annual Routine Physical Exam on the same day from the same PCP as long as all components of both services are provided and fully documented in the medical record. Please don’t submit either of these two visits with a -25 modifier.
- When you perform a separately identifiable medically necessary Evaluation and Management (E/M) service in addition to the IPPE, you may also bill Current Procedural Terminology (CPT®) codes 99201-15 reported with modifier -25. When medically indicated, this additional E/M service is subject to the applicable copayment for an office visit. Any additional services provided are subject to applicable cost-sharing. See CMS National Correct Coding Initiative (NCCI).
- Coverage for Annual Routine Physical Exam under Medicare Advantage employer group plans may vary.

Additional Services Provided in Conjunction With the Wellness Visit

Only the codes listed on the Wellness Visit Chart are included in the $0 copayment for wellness visits. If you also bill other services with the visit, and those services are normally subject to a copayment or co-insurance, that copayment or co-insurance applies even if the primary reason for the visit was for a wellness exam.

<td>You may bill a separate E/M code only if you provided a separately identifiable E/M service.</td>
</tr>
</tbody>
</table>

When a member sees an obstetrician or gynecologist who is not their assigned PCP for a routine Pap/pelvic exam, only the Medicare-covered annual Pap/pelvic service should be performed and billed. Please refer members to their assigned PCP if a more comprehensive preventive service is needed.

All codes are subject to change. Please follow original Medicare-covered indications and coding rules when billing Medicare-covered preventive services using the CMS policies listed in the Resources section (NCCI Policy, IOM Claims Processing Manual, etc.). Please review codes at cms.gov before submitting claims.

Types of Office Visits

Welcome to Medicare Visit

A one-time preventive E/M service that includes the following:

1. Review of member’s medical and social history
2. Review of member’s potential risk factors for depression
3. Review of member’s functional ability and level of safety, including hearing impairment, daily living activities, fall risk and home safety
4. Review of member's full list of medications and supplements, including calcium and vitamins
5. An exam to include height, weight, body mass index, blood pressure, visual acuity and other measurements
6. End-of-life planning assistance such as an advance directive or health care proxy, with the member’s consent
7. Education, counseling and referral based on the results of numbers 1-5 in this list
8. Education, counseling and referral, including a brief written plan for obtaining a screening EKG, as appropriate, and other appropriate screenings and/or Medicare Part B preventive services

Annual Wellness Visit

Allows the physician and member to develop a personalized prevention plan and may include the following:

1. Established or updated record of member’s medical and family history
2. Review of member’s potential risk factors for depression
3. Review of member’s functional ability and level of safety, including hearing impairment, daily living activities, fall risk and home safety
4. Review of member's full list of medications and supplements, including calcium and vitamins
5. An exam to include height, weight, body mass index, blood pressure and other routine measurements
6. List or updated list of member’s medical care providers and suppliers
7. Detection of any cognitive impairment
8. Established or updated screening schedule for the next five to 10 years, as appropriate
9. Established or updated list of member’s risk factors
10. Personalized health advice and appropriate referrals to health education or preventive services

Pap/Pelvic Exam

Well Woman Exam should include at least seven of the following:

1. Inspection and palpation of breasts for masses or lumps, tenderness, symmetry or nipple discharge
2. Digital rectal examination including sphincter tone and presence of hemorrhoids or rectal masses
3. Examination of external genitalia — for example, general appearance, hair distribution or lesions
4. Examination of urethral meatus — for example, size, location, lesions or prolapse
5. Examination of urethra — for example, masses, tenderness or scarring
6. Examination of bladder — for example, fullness, masses or tenderness
7. Examination of vagina — for example, general appearance, estrogen effect, discharge, lesions, pelvic support, cystocele or rectocele
8. Examination of cervix — for example, general appearance, lesions or discharge
9. Specimen collection for Pap smears and cultures
2018 Medicare Advantage Preventive Screening Guidelines

Types of Office Visits — continued

Annual Routine Physical Exam

Provides a comprehensive physical examination to screen for disease, promotes a healthy lifestyle and assesses a member’s potential risk factors for future medical problems. It includes the components listed below. Any clinical laboratory tests or other diagnostic services performed at the time of the wellness visit may be subject to a copay or co-insurance.

1. Health history
2. Vital signs
3. General appearance
4. Heart exam
5. Lung exam
6. Head and neck exam
7. Abdominal exam
8. Neurological exam
9. Dermatological exam
10. Extremities exam
11. Male physical exam
   - Testicular, hernia, penis and prostate exams
12. Female physical exam
   - Breast and pelvic exams
13. Counseling to include healthy behaviors and screening services

You may not bill separate codes for these components with 99385-87 or 99395-97. Payment for these codes includes reimbursement for all services listed.

Common Preventive Services and Screenings

All UnitedHealthcare Medicare Advantage plans cover the following Medicare-covered preventive services at the same frequency as covered by Original Medicare, except where otherwise noted, for a $0 copay. In general, screening lab work isn’t covered by Medicare and therefore not covered by UnitedHealthcare Medicare Advantage plans. The exceptions are listed in the following list of commonly covered preventive services and screenings.

- Alcohol misuse screening and counseling
- Behavioral therapy to reduce cardiovascular disease risk
- Bone mass measurement for those at high risk
- Breast cancer screening (2D and 3D mammograms)¹
- Cardiovascular screening
- Cervical and vaginal cancer screening (Pap test and pelvic exam)
- Colorectal cancer screening²
- Depression screening
- Diabetes screening
- Flu shot
- Glaucoma tests for those at high risk³
- Hepatitis B immunization
- Hepatitis C screening
- Human papillomavirus (HPV) test
- HIV screening
- Lung cancer screening with Low Dose Computed Tomography
- Medical nutrition therapy services
- Medicare Diabetes Prevention Program (MDPP), effective April 1, 2018⁴
- Obesity screening and counseling⁵
- Pneumococcal shot
- Prostate-specific antigen test⁶
- Sexually transmitted infections screening and counseling
- Tobacco use cessation counseling

These additional preventive services and screenings can be provided and billed separately in addition to the subsequent Annual Wellness Visit (G0439) as long as Medicare guidelines are met. This doesn’t apply to the Welcome to Medicare Visit (G0402) or the first Annual Wellness Visit (G0438).

¹A screening mammography that turns into a diagnostic procedure is subject to the $0 screening cost-share.
²A colonoscopy that begins as a Medicare-covered screening service is subject to the $0 screening cost-share regardless of whether a polyp is found and/or removed during the procedure.
³$0 for non-Special Needs Plans; Special Needs Plans may apply the same cost-sharing as Original Medicare.
⁴Starting April 1, 2018, MDPP will be available to all eligible Medicare Advantage members. MDPP is a structured health behavior change intervention that focuses on dietary change, increased physical activity, and strategies for sustaining weight loss and a healthy lifestyle.
⁵According to Medicare guidelines, this is covered only in the primary care setting.
⁶A digital rectal exam is $0 for non-Special Needs Plans; Special Needs Plans may apply the same cost-sharing as Original Medicare.

All codes are subject to change. Please follow original Medicare-covered indications and coding rules when billing Medicare-covered preventive services using the CMS policies listed in the Resources section (NCCI Policy, IOM Claims Processing Manual, etc.). Please review codes at cms.gov before submitting claims.

Doc #: PCA-1-009046b-12072017_01162018
Colonoscopies and Related Subsequent Diagnostic Procedures

A colonoscopy that begins as an in-network screening service is subject to the $0 screening cost-share regardless of whether a polyp is found and/or removed during the procedure under all UnitedHealthcare Medicare Advantage plans.

Colonoscopy Coding

<table>
<thead>
<tr>
<th>Code(s)</th>
<th>Type of Colonoscopy</th>
<th>Cost-Sharing</th>
</tr>
</thead>
</table>
| Endoscopy Codes G0104, G0121 or G0105 | Screening colonoscopy | • In-network: $0 cost-share per the Medicare preventive services coverage guidelines  
• Out-of-network: Applicable cost-share |
| CPT Code 45330 (and family codes), and CPT Code 45378 (and family codes) billed with modifier PT | Screening colonoscopy that turns into a diagnostic procedure | • In-network: $0 cost-share when billed with the PT modifier  
• Out-of-network: Applicable cost-share when billed with the PT modifier  
You may not bill both the screening and the diagnostic services when a screening colonoscopy turns into a diagnostic procedure. You may only bill the diagnostic code with the PT modifier in these circumstances. |
