Joint Degeneration, Localized, Back - Single Side
Joint Degeneration, Localized, Elbow and Upper Arm
Joint Degeneration, Localized, Foot and Ankle - Bilateral
Joint Degeneration, Localized, Foot and Ankle - Single Side
Joint Degeneration, Localized, Hand, Wrist and Forearm
Joint Degeneration, Localized, Knee and Lower Leg - Bilateral
Joint Degeneration, Localized, Knee and Lower Leg - Single Side

Condition-based episodes

Joint Degeneration, Localized, Neck

Joint Degeneration, Localized, Shoulder

Joint Degeneration, Localized, Thigh, Hip and Pelvis

Joint Degeneration, Localized, Unspecified*

Juvenile Rheumatoid Arthritis*

Low Back Pain Syndrome

Lupus*

Major Joint Inflammation, Back

Major Joint Inflammation, Elbow and Upper Arm

Major Joint Inflammation, Foot and Ankle

Major Joint Inflammation, Hand, Wrist and Forearm

Major Joint Inflammation, Knee and Lower Leg

Major Joint Inflammation, Other

Major Joint Inflammation, Shoulder

Major Joint Inflammation, Thigh, Hip and Pelvis

Major Joint Inflammation, Unspecified*

Nutritional Deficiency

Obesity*

Orthopedic Signs and Symptoms, Back

Orthopedic Signs and Symptoms, Elbow and Upper Arm

Orthopedic Signs and Symptoms, Foot and Ankle

Orthopedic Signs and Symptoms, Hand, Wrist and Forearm

Orthopedic Signs and Symptoms, Knee and Lower Leg

Orthopedic Signs and Symptoms, Neck

Orthopedic Signs and Symptoms, Shoulder

Orthopedic Signs and Symptoms, Thigh, Hip and Pelvis

Orthopedic Signs and Symptoms, Unspecified

Osteoporosis*

Other Inflammatory Lung Diseases*

Other Minor Orthopedic Disorders, Back

Other Minor Orthopedic Disorders, Foot and Ankle

Other Minor Orthopedic Disorders, Hand, Wrist and Forearm

Other Minor Orthopedic Disorders, Knee and Lower Leg

Other Minor Orthopedic Disorders, Neck

Condition-based episodes

Other Minor Orthopedic Disorders, Shoulder

Other Minor Orthopedic Disorders, Thigh, Hip and Pelvis

Other Minor Orthopedic Disorders, Unspecified

Psoriasis*

Routine Exam

*Episodes for these conditions are excluded for patients whose pharmacy cost data is not available.

Important notes about UnitedHealth Premium®

The information from UnitedHealth Premium is not an endorsement of a particular physician or health care professional's suitability for the health care needs of any member. UnitedHealthcare does not practice medicine nor provide health care services. Physicians are solely responsible for medical judgments and treatments.

A Premium Care Physician designation does not guarantee the quality or the outcome of any health care services members receive. The fact that a physician does not have a Premium Care Physician designation does not mean the physician does not provide quality health care services.

All physicians in the UnitedHealthcare Network have met certain minimum credentialing requirements. Regardless of whether a physician has received a Premium Care Physician designation, members have access to all physicians in the UnitedHealthcare Network as described in the member's benefit plan.

There are various reasons why a physician may not be designated as a Premium Care Physician. A physician may not receive a designation because that physician has not been evaluated. This occurs when a physician does not practice in a specialty or market that is evaluated by Premium, or the physician's evaluation is in process. This also occurs when there are not enough measures, patients, and/or episodes attributed to the physician for evaluation. This is not an indicator of the total number of patients treated by the physician, or the number of procedures performed by the physician.

UnitedHealthcare informs members that designations are intended only as a guide when choosing a physician and should not be the sole factor in selecting a physician. Members are encouraged to discuss designations with a physician before choosing them or consult with their current physician(s) for advice on selecting other physicians.

As with all programs that evaluate performance based on evaluation of a sample, there is a risk of error. There is a risk of error in the claims data used and in the way patient care is attributed to physicians. UnitedHealth Premium uses statistical testing to compare a physician's performance to benchmarks. There is a risk of error in statistical tests when applied to the data and a result based on statistical testing is not a guarantee of correct inference or classification. Physicians have the opportunity to review the data and evaluation results and may submit requests for changes and/or corrections.
