• Added Optum360 |
PREFACE

This companion guide (CG) to the v5010 ASC X12N Technical Report Type 3 (TR3) adopted under Health Insurance Portability and Accountability Act (HIPAA) clarifies and specifies the data content when exchanging transactions electronically with UnitedHealthcare West.

Transmissions based on this companion guide, used in tandem with the TR3, also called 837 Health Care Claim: Professional ASC X12N (005010X222A1), are compliant with both ASC X12 syntax and those guides. There are separate transactions for Health Care Claims - professional (837P) and institutional (837I). This companion guide is intended to convey information that is within the framework of the ASC X12N TR3 adopted for use under HIPAA. The companion guide is not intended to convey information that in any way exceeds the requirements or usages of data expressed in the TR3.

The TR3, also known as X12N Implementation Guide (IG), adopted under HIPAA, here on in within this document will be known as IG or TR3.

1. INTRODUCTION

This section describes how Technical Report Type 3 (TR3), also called 837 Health Care Claim: Professional (837P) ASC X12N/005010X222A1, adopted under HIPAA, will be detailed with the use of a table. The tables contain a row for each segment that UnitedHealth Group has included, in addition to the information contained in the TR3s. That information can:

1. Limit the repeat of loops, or segments
2. Limit the length of a simple data element
3. Specify a sub-set of the TR3’s internal code listings
4. Clarify the use of loops, segments, composite, and simple data elements
5. Any other information tied directly to a loop, segment, and composite or simple data element pertinent to trading electronically with UnitedHealthcare

In addition to the row for each segment, one or more additional rows are used to describe UnitedHealthcare’s usage for composite and simple data elements and for any other information. Notes and comments should be placed at the deepest level of detail. For example, a note about a code value should be placed on a row specifically for that code value, not in a general note about the segment.

The table below specifies the columns and suggested use of the rows for the detailed description of the transaction set companion guides. The table contains a row for each segment that UnitedHealthcare has included, in addition to the information contained in the TR3s.

The following is an example (from Section 9 – Transaction Specific Information) of the type of information that may be included:

<table>
<thead>
<tr>
<th>Page #</th>
<th>Loop ID</th>
<th>Reference</th>
<th>Name</th>
<th>Codes</th>
<th>Length</th>
<th>Notes/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>71</td>
<td>1000A</td>
<td>NM1</td>
<td>Submitter Name</td>
<td></td>
<td></td>
<td>This type of row always exists to indicate that a new segment has begun. It is always shaded at 10% and notes or comment about the segment itself goes in this cell.</td>
</tr>
<tr>
<td>114</td>
<td>2100C</td>
<td>NM109</td>
<td>Subscriber Primary Identifier</td>
<td></td>
<td></td>
<td>This type of row exists to limit the length of the specified data element.</td>
</tr>
<tr>
<td>114</td>
<td>2100C</td>
<td>NM108</td>
<td>Identification Code Qualifier</td>
<td>MI</td>
<td></td>
<td>This type of row exists when a note for a particular code value is required. For example, this note may say that value MI is the default. Not populating the first 3 columns makes it clear that the code value belongs to the row immediately above it.</td>
</tr>
<tr>
<td>184</td>
<td>2300</td>
<td>HI</td>
<td>Principal Diagnosis Code</td>
<td></td>
<td></td>
<td>This row illustrates how to indicate a component data element in the Reference column and also how to specify that only one code value is applicable.</td>
</tr>
<tr>
<td>2300</td>
<td>HI01-2</td>
<td>Code List Qualifier Code</td>
<td>BK</td>
<td></td>
<td>This row illustrates how to indicate a component data element in the Reference column and also how to specify that only one code value is applicable.</td>
<td></td>
</tr>
</tbody>
</table>

1.1 SCOPE

This document is to be used for the implementation of the TR3 HIPAA 5010 837 Health Care Claim Encounter: Professional (referred to as Professional Claim or 837P Claim in the rest of this document) for the purpose of submitting an encounter claim electronically. This companion guide is not intended to replace the TR3.
1.2 OVERVIEW

This CG will replace, in total, the previous UnitedHealthcare West CG versions for Health Care Professional Claim and must be used in conjunction with the TR3 instructions.

This CG is intended to assist you in implementing electronic Professional Claim transactions that meet UnitedHealthcare West processing standards, by identifying pertinent structural and data related requirements and recommendations.

Updates to this companion guide occur periodically and are available online. CG documents are posted in the Electronic Data Interchange (EDI) section of our Resource Library on the Companion Guides page: https://www.uhcpprovider.com/en/resource-library/edi/edi-companion-guides.html
In addition, trading partners can sign up for the Network Bulletin and other online news: https://uhg.csharmony.epsilon.com/Account/Register.

1.3 REFERENCE

For more information regarding the ASC X12 Standards for Electronic Data Interchange 837 Health Care Claim: Professional (005010X222A1) and to purchase copies of the TR3 documents, consult the Washington Publishing Company website: http://www.wpc-edi.com

1.4 ADDITIONAL INFORMATION

The American National Standards Institute (ANSI) is the coordinator for information on national and international standards. In 1979 ANSI chartered the Accredited Standards Committee (ASC) X12 to develop uniform standards for electronic interchange of business transactions and eliminate the problem of non-standard electronic data communication. The objective of the ASC X12 Committee is to develop standards to facilitate electronic interchange relating to all types of business transactions. The ANSI X12 standards is recognized by the United States as the standard for North America. EDI adoption has been proved to reduce the administrative burden on providers. Please note that this is UnitedHealthcare’s approach to 837 Professional Claim transactions. After careful review of the existing IG for the Version 005010X222A1, we have compiled the UnitedHealthcare West specific CG. We are not responsible for any changes and updates made to the IG.

2. GETTING STARTED

2.1 EXCHANGING TRANSACTIONS WITH UNITEDHEALTHCARE

UnitedHealthcare exchanges transactions with clearinghouses and direct submitters, also referred to as Trading Partners. Most transactions go through the Optum clearinghouse, OptumInsight (Optum360), the managed gateway for UnitedHealthcare West EDI transactions.

2.2 CLEARINGHOUSE CONNECTION

Physicians, facilities and health care professionals should contact their current clearinghouse vendor to discuss their ability to support the 837P Claim, as well as associated timeframes, costs, etc. This includes protocols for testing the exchange of transactions with UnitedHealthcare West through your clearinghouse.
Optum: Physicians, facilities and health care professionals can submit and receive EDI transactions direct. Optum partners with providers to deliver the tools that help drive administrative simplification at minimal cost and realize the benefits originally intended by HIPAA — standard, low-cost claim transactions.

- Please contact Optum Support at 800-341-6141 to get set up.
- If interested in using Optum’s online solution, Intelligent EDI (IEDI), contact the Optum sales team at 866-367-9778, option 3, send an email to IEDIsales@optum.com or visit https://www.optum.com/campaign/fp/free-edi.html.

2.3 CERTIFICATION AND TESTING

All trading partners who wish to submit 837P Claim transactions to UnitedHealthcare West via the ASC X12 837 (Version 005010X222A1), and receive corresponding EDI responses, must complete testing to ensure that their systems and connectivity are working correctly before any production transactions can be processed.

For testing EDI transactions with UnitedHealthcare, care providers and health care professionals should contact their current clearinghouse vendor or Optum.

3. CONNECTIVITY AND COMMUNICATION PROTOCOLS

3.1 PROCESS FLOW: BATCH 837 PROFESSIONAL CLAIM

3.2 TRANSMISSION ADMINISTRATIVE PROCEDURES

UnitedHealthcare West supports both batch and real-time 837P Claim transmissions. Contact your current clearinghouse vendor to discuss transmission types and availability.

3.3 RE-TRANSMISSION PROCEDURES

Physicians, facilities and health care professionals should contact their current clearinghouse vendor for information on whether resubmission is allowed or what data corrections need to be made for a successful response.

3.4 COMMUNICATION PROTOCOL SPECIFICATIONS

Physicians, facilities and health care professionals should contact their current clearinghouse for communication protocols with UnitedHealthcare West.
3.5 PASSWORDS

Physicians, facilities and health care professionals should contact their current clearinghouse vendor to discuss password policies.

3.6 SYSTEM AVAILABILITY

UnitedHealthcare West will accept 837 claim transaction submissions at any time, 24 hours per day, 7 days a week. Unplanned system outages may occur occasionally and impact our ability to accept or immediately process incoming transactions. UnitedHealthcare will send an email communication for scheduled and unplanned outages.

3.7 COSTS TO CONNECT

Clearinghouse Connection: Physicians, facilities and health care professionals should contact their current clearinghouse vendor or Optum to discuss costs.

Optum:
- Optum Support – 800-341-6141
- Optum’s online solution, Intelligent EDI (IEDI)
  - Call 866-367-9778, option 3
  - Email IDIsales@optum.com
  - Visit https://www.optum.com/campaign/fp/free-edi.html

4. CONTACT INFORMATION

4.1 EDI SUPPORT

Most questions can be answered by referring to the EDI section of our resource library at UHCprovider.com > Menu > Resource Library > Electronic Data Interchange (EDI):

If you need assistance with an EDI 837 transaction accepted by UnitedHealthcare West, please contact EDI Support by:
- Using our EDI Transaction Support Form
- Sending an email to supportedi@uhc.com
- Calling 800-842-1109

For questions related to submitting transactions through a clearinghouse, please contact your clearinghouse or software vendor directly.

4.2 EDI TECHNICAL SUPPORT

Physicians, facilities and health care professionals should contact their current clearinghouse vendor or Optum for technical support. If using Optum, contact their technical support team at 800-225-8951, option 6.

For issues with encounters, send an email to the Encounter Data Collection Team: encountercollection@uhc.com
4.3 PROVIDER SERVICES

Provider Services should be contacted at 877-842-3210 instead of EDI Support if you have questions regarding 837 Claim transactions that do not pertain to EDI. Provider Services is available Monday - Friday, 7 am - 7 pm in the provider’s time zone.

4.4 APPLICABLE WEBSITES/EMAIL

Optum: https://www.optum.com
OptumInsight/Optum EDI Client Center - https://www.enshealth.com
UnitedHealthcare EDI Support: supportedi@uhc.com or EDI Transaction Support Form

5. CONTROL SEGMENTS/ENVELOPES

5.1 ISA-IEA

Transactions transmitted during a session or as a batch are identified by an interchange header segment (ISA) and trailer segment (IEA) which form the envelope enclosing the transmission. Each ISA marks the beginning of the transmission (batch) and provides sender and receiver identification.

The table below represents only those fields that UnitedHealthcare requires a specific value in or has additional guidance on what the value should be. The table does not represent all of the fields necessary for a successful transaction; the TR3 should be reviewed for that information.

<table>
<thead>
<tr>
<th>LOOP ID</th>
<th>Reference</th>
<th>NAME</th>
<th>Values</th>
<th>Notes/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>ISA</td>
<td>ISA Interchange Control Header</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ISA05</td>
<td>Interchange ID Qualifier</td>
<td>ZZ</td>
<td>ZZ = Mutually defined</td>
<td></td>
</tr>
<tr>
<td>ISA06</td>
<td>Interchange Sender ID</td>
<td>[Submitter ID]</td>
<td>This is the Submitter ID assigned by UnitedHealthcare West.</td>
<td></td>
</tr>
<tr>
<td>ISA08</td>
<td>Interchange Receiver ID</td>
<td>95958 (encounters)</td>
<td>UnitedHealthcare West Payer ID - Right pad as needed with spaces to 15 characters.</td>
<td></td>
</tr>
</tbody>
</table>

5.2 GS-GE

EDI transactions of a similar nature and destined for one trading partner may be gathered into a functional group, identified by a functional group header segment (GS) and a functional group trailer segment (GE). Each GS segment marks the beginning of a functional group. There can be many functional groups within an interchange envelope. The number of GS/GE functional groups that exist in a transmission may vary.
The below table represents only those fields that UnitedHealthcare requires a specific value in or has additional guidance on what the value should be. The table does not represent all of the fields necessary for a successful transaction; the TR3 should be reviewed for that information.

<table>
<thead>
<tr>
<th>LOOP ID</th>
<th>Reference</th>
<th>NAME</th>
<th>Values</th>
<th>Notes/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>GS</td>
<td>Functional Group Header</td>
<td>Required Header</td>
<td></td>
</tr>
<tr>
<td></td>
<td>GS03</td>
<td>Application Receiver’s Code</td>
<td></td>
<td>UnitedHealthcare West Payer ID Code</td>
</tr>
<tr>
<td></td>
<td>GS08</td>
<td>Version/Release/Industry Identifier Code</td>
<td>005010X223A2</td>
<td>Version expected to be received by UnitedHealthcare West</td>
</tr>
</tbody>
</table>

5.3 ST-SE

The beginning of each individual transaction is identified using a transaction set header segment (ST). The end of every transaction is marked by a transaction set trailer segment (SE). For real time transactions, there will always be one ST and SE combination. An 837 file can only contain 837 transactions.

The below table represents only those fields that UnitedHealthcare West requires a specific value in or has additional guidance on what the value should be. The table does not represent all of the fields necessary for a successful transaction; the TR3 should be reviewed for that information.

<table>
<thead>
<tr>
<th>LOOP ID</th>
<th>Reference</th>
<th>NAME</th>
<th>Codes</th>
<th>Notes/Comments</th>
</tr>
</thead>
<tbody>
<tr>
<td>None</td>
<td>ST</td>
<td>Transaction Set Header</td>
<td>Required Header</td>
<td></td>
</tr>
<tr>
<td>ST03</td>
<td>Implementation Convention Reference</td>
<td>005010X222A21</td>
<td>Version expected to be received by UnitedHealthcare West</td>
<td></td>
</tr>
</tbody>
</table>

5.4 CONTROL SEGMENT HIERARCHY

ISA - Interchange Control Header segment
GS - Functional Group Header segment
  ST - Transaction Set Header segment
    First 837 Transaction
  SE - Transaction Set Trailer segment
ST - Transaction Set Header segment
  Second 837 Transaction
SE - Transaction Set Trailer segment
ST - Transaction Set Header segment
  Third 837 Transaction
SE - Transaction Set Trailer segment
GE - Functional Group Trailer segment
IEA - Interchange Control Trailer segment

5.5 CONTROL SEGMENT NOTES

The ISA data segment is a fixed length record and all fields must be supplied. Fields not populated with actual data must be filled with space.
1. The first element separator (byte 4) in the ISA segment defines the element separator to be used through the entire interchange.
2. The ISA segment terminator (byte 106) defines the segment terminator used throughout the entire interchange.
3. ISA16 defines the component element

5.6 FILE DELIMITERS

UnitedHealthcare requests that you use the following delimiters on your 270 file. If used as delimiters, these characters (* : ~ ^) must not be submitted within the data content of the transaction sets. Please contact UnitedHealthcare if there is a need to use a delimiter other than the following:

1. Data Element: The recommended data element delimiter is an asterisk (*)
2. Data Segment: The recommended data segment delimiter is a tilde (~)
3. Component Element: ISA16 defines the component element delimiter to be used throughout the entire transaction. The recommended component-element delimiter is a colon (:)
4. Repetition Separator: ISA11 defines the repetition separator to be used throughout the entire transaction. The recommended repetition separator is a caret (^)

6. PAYER SPECIFIC BUSINESS RULES AND LIMITATIONS

6.1 ELECTRONIC CLAIM SUBMISSION GUIDELINES

Following these guidelines will help you submit most of your claims electronically, without paper forms or attachments.

<table>
<thead>
<tr>
<th>Services</th>
<th>Guidelines</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-Encounter Fee for Service</td>
<td>UHC West Fee for Service claims should be submitted under UHC Payer ID 87726, the UHC Standard 837 Companion Guide will apply.</td>
</tr>
<tr>
<td>Claims</td>
<td></td>
</tr>
<tr>
<td>Allergy Procedure Codes</td>
<td>Instead of submitting medical notes, use the EDI Notes Field* to indicate number of doses, vials or injections as well as the dose schedule.</td>
</tr>
<tr>
<td>Corrected Claims</td>
<td>Corrected claims can be submitted electronically using the Claims Reconsideration tool in claimsLink. Learn more online:</td>
</tr>
<tr>
<td>In Network / Out of Network</td>
<td>Under the capitated delegated agreement with UnitedHealthcare to support Medicare Advantage EOB for Part C, all encounter submissions must reflect whether the services provided to the member is “in network” or “out of network.” Any finalized claim or encounter that contains a service that is out of network should be reported using claim adjustment reason code (CARC) 242 – Services Not Provided by Network/Primary Care Provider, at the service line level.</td>
</tr>
<tr>
<td>Interest Payments</td>
<td>Under the capitated delegated agreement with UnitedHealthcare West to submit encounter data, any finalized claim in part or in its entirety that contains interest payments must display these payments using a claim adjustment reason code (CARC) 225 – Payment or Interest Paid by Payer. This code should only be used for plan-to-plan encounter reporting. According to Section 1.1.1.1 of the 005010X222A1, balancing to the claim payment involves the subtraction of adjustments from the service line payment total. A positive dollar amount for interest would reduce the payment of the claim. A negative dollar amount would increase the payment on the claim. As a result, reporting the payment of interest by a prior payer in the 837 would require a “negative dollar” amount to balance.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>Laboratory Services</strong></th>
<th>When performed in the office on an urgent basis, use modifier “ST” in the modifier field.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Lifetime Events</strong></td>
<td>A lifetime event is described as a medical procedure that can only occur once in a lifetime. Such events include but are not limited to Hysterectomy, Prostatectomy, Appendectomy, and Amputations, etc. Lifetime events must be reported with a unit value of only 1.</td>
</tr>
<tr>
<td><strong>Medicare Primary claims</strong></td>
<td>When Medicare is primary, check your Medicare Explanation of Benefits (EOB) for Code MA-18 to indicate the claim has been forwarded to the secondary carrier. If it hasn’t been forwarded or has been sent to the wrong carrier, then submit the claim and the EOB/Coordination of Benefits (COB) information electronically. More information on Medicare Crossover is online in the Secondary/COB or Tertiary Claims section: <a href="https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html">https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html</a></td>
</tr>
<tr>
<td><strong>Participating Physician Covering Primary Care Physician (PCP)</strong></td>
<td>When a UnitedHealthcare West participating physician is covering for a PCP, use the EDI Notes Field* to indicate “Covering for Dr. X” instead of submitting an attachment.</td>
</tr>
<tr>
<td><strong>Rejected Claims</strong></td>
<td>Claim rejections that appear on clearinghouse reports have not been accepted by UnitedHealthcare West and should be corrected and resubmitted electronically.</td>
</tr>
<tr>
<td><strong>Required Member Cost Share / Revenue Reporting</strong></td>
<td>For Commercial and Medicare Advantage plans, UnitedHealthcare requires 1 contracted providers to submit current, complete and accurate encounter data including member cost share/revenue weekly in order to effectively track member cost share. UnitedHealthcare welcomes and encourages your encounter submissions more frequently than weekly (e.g., twice a week, daily). Greater encounter submission frequency allows us to more effectively administer products where member cost share administration is essential. 1Centers for Medicare &amp; Medicaid Services mandate for Maximum Allowable Out-of-Pocket Cost Amount for Medicare Parts A and B Services 75 FR 19709, effective Jan. 1, 2011</td>
</tr>
<tr>
<td><strong>Secondary Claims</strong></td>
<td>When another commercial insurance plan is primary and UnitedHealthcare West is secondary, the secondary claim can be submitted electronically. Information from the primary payer’s EOB/COB can be included in the electronic claim. More information on submitting electronic Secondary/COB or Tertiary Claims, including COB Electronic Claim Requirements and Specifications, is online: <a href="https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html">https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html</a></td>
</tr>
<tr>
<td><strong>Sequestration</strong></td>
<td>As required by federal law under a sequestration order dated March 1, 2013, Medicare Fee-For-Service claims with dates of service or dates of discharge on or after April 1, 2013, incur a two percent reduction in Medicare payment. [Source: Center for Medicare and Medicaid Services]. Under the capitated delegated agreement with UnitedHealthcare to submit encounter data, any finalized claim in part or in entirety that contains a reduction in payment due to “sequestration” should be reported to UnitedHealthcare using claim adjustment reason code (CARC) 253 – Sequestration. Sequestration reduction should be presented at the service line level.</td>
</tr>
<tr>
<td><strong>“Tracers” or Re-Bills</strong></td>
<td>It isn’t necessary to send a paper claim backup for a claim sent electronically:  • Please allow 20-30 business days for your claim(s) to be processed.  • To avoid duplicate claim denials, check the status of your claim as a 276/277 EDI transaction or using Link instead of submitting a tracer.</td>
</tr>
<tr>
<td><strong>Unspecified CPT and HCPCS codes</strong></td>
<td>Unlisted and Unspecified Service or Procedure Codes can be submitted an electronic claim, however, UnitedHealthcare West will need to review medical notes in order to process these claims. Attachments requested can be uploaded using the claimsLink app. More information on submitting unspecified codes on an electronic claim is online: <a href="https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html">https://www.uhcprovider.com/en/resource-library/edi/edi-quick-tips-claims.html</a></td>
</tr>
<tr>
<td>Voids and Replacements</td>
<td>A “replacement’ encounter should be sent to UnitedHealthcare West when an element of data on the encounter was either not previously reported or when there is an element of data that needs to be corrected. A replacement encounter should contain a claim frequency code of [7] in Loop 2300 CLM05-3 segment. A “void” encounter should be sent to UnitedHealthcare West when the previously submitted encounter should be eliminated. A void encounter must match the original encounter with the exception of the claim frequency type code and the payer assigned claim number. A void encounter should not contain “negative” values within the encounter. It should contain a claim frequency code of [8] in Loop 2300 CLM05-3 segment. The replacement or void encounter is required to be submitted with the “Original Reference Number” (Payer Claim Control Number) in Loop 2300 REF segment. REF01 must be [F8] and REF 02 must be the “Original Reference Number”. If the required information in Loop 2300 REF01 and REF02 is not submitted, the encounter will reject back to the submitter.</td>
</tr>
</tbody>
</table>

### 6.2 VALIDATION OF CLAIMS

UnitedHealthcare West applies two levels of editing to inbound HIPAA 837 files and claims:

1. **Level 1 HIPAA Compliance:**
   
   Claims passing Level 1 Compliance are assigned a UnitedHealthcare West Payer Claim Control Number and are “accepted” for front end processing.

2. **Level 2 Front End Validation:**
   
   - Member match
   - Provider match
   - WEDI SNIP Level 1-5 validation
   - Level 1 HIPAA Compliance:

3. Encounters passing front end validation are accepted into the UnitedHealthcare adjudication system for processing.

4. Encounters that do not pass front end validation will be rejected and returned to the submitter.

### 7. ACKNOWLEDGEMENTS AND REPORTS

#### 7.1 ACKNOWLEDGEMENTS

**TA1 – Transaction Acknowledgement**

This file informs the submitter that the transaction arrived and provides information about the syntactical quality of the Envelope of the submitted X12 file. UnitedHealthcare West real-time will only respond with a TA1 when the X12 contains Envelope errors. The submitted 837 will need to be corrected and resubmitted.

**999 – Functional Acknowledgement**

This file informs the submitter that the transaction arrived and provides information about the syntactical quality of the Functional Groups in a submitted X12 file. UnitedHealthcare West will respond with a 999 when the X12 contains Functional errors. The submitted 837 will need to be corrected and resubmitted.

**277PRE**

This file informs the submitter with more detail about why the claim failed validation. The 277PRE is generated when claims in the batch file failed Level 1 validation. If no claims failed Level 1 validation, then the 277PRE is not created.
277ACK
This file informs the submitter of the disposition of their claims through Level 2 Front End Validation, it reports both accepted and rejected claims.

7.2 REPORT INVENTORY
There are no known applicable reports.

8. TRADING PARTNER AGREEMENTS

8.1 TRADING PARTNERS
An EDI Trading Partner is defined as any UnitedHealthcare West customer (provider, billing service, software vendor, clearinghouse, employer group, financial institution, etc.) that transmits to or receives electronic data from UnitedHealth Group.

Payers have EDI Trading Partner Agreements that accompany the standard implementation guide to ensure the integrity of the electronic transaction process. The Trading Partner Agreement is related to the electronic exchange of information, whether the agreement is an entity or a part of a larger agreement, between each party to the agreement.

9. TRANSACTION SPECIFIC INFORMATION

The table below represents only those fields that UnitedHealthcare West requires a specific value in or has additional guidance on what the value sent in the response means. The table does not represent all of the fields that will be returned in a successful transaction. The TR3 should be reviewed for that information.

### NM108 Identification Code Qualifier
- **NM109 Identification Code**
  - **UNITED HEALTHCARE (BHT06 = RP)**
  - When BHT06 = RP
  - Please check with your clearinghouse for specific identification code that must be used

### N3 Payer Address
- **PO BOX 30968**
- When BHT06 = RP

### N4 Payer City, State, Zip Code
- **SALT LAKE CITY UT 841300968**
- When BHT06 = RP

### REF Billing Provider Secondary Identification
- **REF01 Reference ID Qualifier**
  - **G2**
  - **G2 = Provider Commercial Number**
- **REF02 Reference ID**
  - The full thirty nine (39) digit Submitter ID is required

### 2300 Claim Loop

#### CLM Claim Information
- **CLM02 Total Claim Charge Amount**
  - Must balance to the sum of the SV1 service lines in Loop 2400.

#### CLM05-3 Claim Frequency Type Code
- **1, 7, 8**
  - **1=Original claim submission**
  - **7=Replacement**
  - **8=Deletion**

### PWK Claim Supplemental Information
- **PWK01 Report Type Code**
  - **9**
  - Populated for chart review submissions only
- **PWK02 Attachment Transmission Code**
  - **AA**
  - Populated for chart review submissions only. Available upon request at provider site.

### DTP Date-Initial Treatment
- Submit Initial Treatment Date for End Stage Renal Disease (ESRD).
- Submit Initial Treatment Date for dental services required as the result of an accident.

### DTP Date-Admission
- Submit Admission Date for Emergency Room (ER) visits when patient is admitted from the ER.

### HI Health Care Information Codes
- Submit only ICD10 codes. Claims or Encounters received with value ICD9 codes will be rejected.

### 2320 Other Subscriber Information

#### SBR Other Subscriber Information
- **SBR01 Payer Responsibility Sequence Number Code**
  - **P**
  - **P = Primary**

#### AMT Coordination of Benefits (COB) Payer Amount Paid

</tbody>
</table>

### HCP Line Pricing/Repricing Information

Submit line pricing for repriced claims. Providers do not submit this data. This data is to be submitted by re-pricers only.

### 2410 Drug Identification

<table>
<thead>
<tr>
<th>Loop</th>
<th>Reference</th>
<th>Name</th>
<th>Values</th>
<th>Notes/Comments</th>
</tr>
</thead>
</table>

Page 18 of 20
LIN | Drug Identification
---|---
Submit NDC for all unlisted injectable drugs and for other injectable drugs when required per the contract between UHG and the provider

| 2430 | Line Adjudication Information | Member Cost Share amounts made at the Line Level must be submitted in Loop 2430 (Line Level).
---|---|---
SVD | Line Adjudication Information | Value is Contracted Rate or Medicare Fee Schedule Rate or Calculated Capitation Rate less any applicable patient responsibility submitted in CAS Segment as identified below.

<table>
<thead>
<tr>
<th>SVD02</th>
<th>Monetary Amount</th>
</tr>
</thead>
</table>

<table>
<thead>
<tr>
<th>CAS</th>
<th>Line Level Adjustments</th>
</tr>
</thead>
</table>
CAS01 | Claim Adjustment Group Code |
|---|---|
All of the Claim Adjustment Group Codes are allowed.  
Note: When submitting Member Cost Share use code PR and include the appropriate Claim Adjustment Reason Code in (CAS02) as listed below.

<table>
<thead>
<tr>
<th>CAS02</th>
<th>Claim Adjustment Reason Code</th>
</tr>
</thead>
</table>
When submitting Member Cost Share using the PR qualifier, specify the appropriate reason code:  
1 = Deductible Amount  
2 = Coinsurance Amount  
3 = Co-payment Amount  

10. APPENDICIES

10.1 IMPLEMENTATION CHECKLIST

The implementation check list will vary depending on your clearinghouse connection. A basic check list would be to:

1. Register with trading partner
2. Create and sign contract with trading partner
3. Establish connectivity
4. Send test transactions
5. If testing succeeds, proceed to send production transactions

10.2 FREQUENTLY ASKED QUESTIONS

1. Does this Companion Guide apply to all UnitedHealthcare West payers and payer IDs?  
No. It’s applicable to commercial and government business for UnitedHealthcare West using Payer 95958 for encounters.

2. How does UnitedHealthcare support, monitor and communicate expected and unexpected connectivity outages?  
Our systems do have planned outages. We will send an email communication for scheduled and unplanned outages.

3. If an 837 is successfully transmitted to UnitedHealthcare, are there any situations that would result in no response being sent back?  
No. UnitedHealthcare West will always send a response. Even if UnitedHealthcare West systems are down and the transaction cannot be processed at the time of receipt, a response detailing the situation will be returned.
### 10.3 FILE NAMING CONVENTIONS

<table>
<thead>
<tr>
<th>Node</th>
<th>Description</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>ZipUnzip</td>
<td>Responses will be sent as either zipped or unzipped depending on how UnitedHealthcare received the inbound batch file</td>
