*My Practice Profile is available to individual care providers and practices. We're working to make it available to hospitals and other facilities soon. For UnitedHealthcare Community Plan, providers must also update their information with the applicable state Medicaid programs. Delegated providers who submit UnitedHealthcare Community Plan of Michigan demographic updates through a separate process should not use My Practice Profile to update demographic information. Instead, please continue to submit those updates using your existing process. For all care providers in California: Information about SB137 is available in the Notification of Practice or Demographic Changes on page 12 of the 2020 UnitedHealthcare Care Provider Administrative Guide, available at UHCprovider.com/guides > Administrative Guide for Commercial, Medicare Advantage and DSNP > View Online Guide > View PDF Version.
