Welcome to UnitedHealthcare Community Plan’s New Online Home!

UHCprovider.com is your new home for the latest UnitedHealthcare Community Plan news and policy information, and access to Link self-service tools.

- Access our member website, myuhc.com.
- Search for a care provider, facility or clinic.
- Use your Optum ID to sign in to Link, your gateway to UnitedHealthcare’s online tools.
- Sign in with your Optum ID to personalize your searches or to view secured content.
- Create an Optum ID or connect your ID to a Tax Identification Number (TIN).
- Instantly access the most used transactions and information.
- Quickly view key provider information and resources.
- Stay current with the latest news, state-specific bulletins, alerts, HHS messages, payment policy notifications from UnitedHealthcare.

Quickly access claims information, bulletins, newsletters, pharmacy resources, forms, training, contact information and more.
Why is content moving from UHCCommunityPlan.com/health-professionals to UHCprovider.com?

Care providers told us they wanted all the online content they need in one place, so we’re working to make UHCprovider.com the only website you need to access information about UnitedHealthcare plans and members.

Since UHCprovider.com launched, we’ve been consolidating content on the new site to help make it easier to do business with us. So far, we’ve transitioned UnitedHealthcareOnline.com, UHCWest.com and UHCCommunityPlan.com to UHCprovider.com. We’ll let you know before we transition and retire any of our other websites.

Is member information also moving to UHCprovider.com?

No. UnitedHealthcare Community Plan members will still access their plan and benefit information on UHCCommunityPlan.com and myuhc.com®.

What will happen when UHCCommunityPlan.com/health-professionals retires?

You’ll be automatically redirected to UHCprovider.com when UHCCommunityPlan.com is no longer available. You can find updates about the transition in our Network Bulletin and Practice Matters newsletters and at UHCprovider.com/news.

Who can I call if I have questions?

Please call Provider Services at 877-842-3210 or contact your Provider Advocate.
