

My Practice Profile

View and Attest to Demographic Data for All Groups Associated with Your Tax ID Number

We're always looking for ways to improve our self-service tools. Thanks to your feedback, we've made the following enhancements to My Practice Profile:

See Data for All Groups Associated with Your Tax ID Number

Now you can view and attest to demographic data for all groups associated with your tax ID number (TIN), including facility and ancillary providers such as inpatient, outpatient and urgent care facilities.

If you see an entry in italics with a lock icon, you'll need to use the Facility/Practice Profile tool to make demographic changes for that facility group. When you hover over the lock icon you'll see this message: "This is a facility/ancillary organization. If you would like to update data for this organization, please visit the UnitedHealthcare Facility/Practice Profile tile from your Link dashboard or [click here](#)."

Print Button

Use the print button on the right side of the transaction status page to print a list of the changes you've requested.
