

Support for care providers affected by wildfires

Our priority is making sure people have immediate and easy access to the care they need and that we're supporting you and your practice. We're taking the following actions to help those who may be affected by wildfires and other severe weather.

These measures are effective for those enrolled in UnitedHealthcare Medicare Advantage, Medicaid and Individual and Group Market fully insured health plans, unless otherwise noted.

Washington statewide, effective for dates of service from Aug. 19 through Sept. 30, 2020

- **Early prescription refills:** Members who are affected can also fill existing prescriptions early (one time, up to a 90-day refill) through direct pharmacy or mail order. Members should call the pharmacy number on their ID card, or speak directly to a pharmacist about their situation, in order to get an early refill.
- **UnitedHealthcare Medicare Advantage members:** For members in evacuation areas or otherwise directly affected in a material way by the emergency, we will make the following provisions to meet the Centers for Medicare & Medicaid Services (CMS) requirements:
 - Allow Part A and Part B and supplemental Part C plan benefits to be furnished at specified non-contracted facilities (note that Part A and Part B benefits must, per 42 CFR §422.204(b)(3), be furnished at Medicare certified facilities)
 - Waive in full requirements for gatekeeper referrals, where applicable
 - Temporarily reduce plan-approved out-of-network cost-sharing to in-network cost-sharing amounts
 - Waive the 30-day notification requirement to enrollees as long as all of the changes (such as reduction of cost-sharing and waiving authorization) benefit the enrollee
