

Medicated Assisted Treatment (MAT) Locate a Provider

Live and Work Well

More than just an online directory, [Live and Work Well](#) is a powerful health resource that is here to help Members and those you care for find the balance, support and care needed to live their lives to the fullest.

To locate a MAT provider for opioid or other substance use issues, follow these 5 easy steps.

1. Select "I don't know my access code"
2. Use the drop-down feature and select the first option (** I can't find my benefit provider in this list), or for Medicaid, you must select the specific plan (for example: UHC Community Plan – TN)
3. Using the "Search" feature, select help with finding a provider
4. Using the "Search" feature, select help with finding a provider
5. Under Treatment Options, select Medication Assisted Treatment , Buprenorphine or Naltrexone Injectable Therapy

You can refine your search in a number of ways, including expanding the default 5 mile radius to 20 + miles.
