

Patient Driven Payment Model (PDPM)

UnitedHealthcare Medicare Advantage

For dates of service starting Oct. 1, 2019, skilled nursing facilities delivering care to UnitedHealthcare Medicare Advantage benefit plan members will need to bill using the Centers for Medicare & Medicaid Services (CMS) Patient Driven Payment Model (PDPM).

You can find the latest information about the CMS classification model and training for implementing PDPM at the CMS [Patient Driven Payment Model](#) site. To align with the CMS guidance, non-contracted care providers will also have to bill for services provided to UnitedHealthcare Medicare Advantage members using PDPM.

Please contact your Facility or Provider Advocate if you have questions.
