

Calculating 2026 MA-IPi payments

The Medicare Advantage Intermediate Physician Incentive (MA-IPi) program rewards you for helping UnitedHealthcare® Medicare Advantage members get the quality care they need to live healthier lives. When you participate in the program, you can earn quarterly and annual bonuses for recommended screenings, follow-ups and medication management.

Where to review your payment details

You can find information about your quarterly/annual incentive performance and payment on the Quality Care Detail and Assessment form detail worksheets, which are available in your **Patient Care Opportunity Report (PCOR)**. For more information, please see our Patient Care Opportunity Report PCOR.

Payment information and schedule

Your payment information will be available in your PCOR quarterly as follows:

Q1:	Quality Details – May PCOR
Q1:	Assessment Form Details – July PCOR
Q2:	Quality Details – August PCOR
Q2:	Assessment Form Details – October PCOR
Q3:	Quality Details – November PCOR
Q3:	Assessment Form Details – January Runout 2027
Q4:	Quality Details – April Runout 2027
Q4:	Assessment Form Details – April Runout 2027

The payments are based on your attributed membership at the time of payment.

Quality Care Bonus earning opportunities

Quality Care Bonus

To calculate each Quality Care earning opportunity, please reference the Quality Care Detail summary within your PCOR for member-level quality gap closure information. Use the table below, along with your Terms and Conditions, to break down the details of your payment.

 Overall Quality Care payment	1. Filter the incentive program column to the applicable incentive program 2. Sum all populated values in the dollar amount column 3. The total overall payment equals the sum of all eligible paid closures across all physicians and earning opportunities
 Quality Care payment by physician	1. Filter using either the physician or physician NPI column 2. Filter incentive program column to applicable incentive 3. Sum the dollar amount column for each physician 4. This produces each physician's total quality care payment for the selected Incentive Program
 Payment by measure	1. Filter to the measure in the earning opportunity column 2. Filter incentive program column to applicable incentive 3. Sum the dollar amount column for each measure or Key Care Opportunity 4. Standard Quality Care measures use the standard closure amount shown in the summary table of the Terms and Conditions 5. Rows labeled "Key Care Opportunity" use the Key Care payment shown in the summary table of the Terms and Conditions

Medical Condition Assessment Bonus

To calculate each Medical Condition Assessment earning opportunity, please reference the Assessment form detail and MA-IPi summary worksheets within your PCOR for member-level Assessment information. Use the table below, along with your Terms and Conditions, to break down the details of your payment.

If there is a difference between this document and the program Terms and Conditions, the Terms and Conditions control.

Calculating the Medical Condition Assessment

Medical Condition Assessment Bonus

1. Filter the incentive program column to the applicable incentive program
2. Filter form status column to each of the Assessment status and sum to total of each status and multiply by the bonus dollars indicated below:

Assessment status	Bonus amount
Timely	\$25
Adjusted	\$15
Late	\$15

3. The total overall payment for this bonus equals the sum of all eligible Medical Condition Assessment status

Fully Assessed Bonus

1. Filter the incentive program column to the applicable incentive program
2. Filter the fully assessed column to "Y"
3. Sum total of "Y" and multiple by the bonus amount of \$75
4. This produces overall payment amount for the Fully Assessed Bonus

Superior Bonus

1. Review the number of returned Assessments and the return rate of Medical Condition Assessment forms listed on the MA-IPi Summary worksheet
2. Multiply the total number of returned Assessment forms by the return rate bonus listed below:

Return rate	Bonus per completed Assessments
90% +	\$40
80%-89%	\$20
70%-79%	\$10
