plasma, and blood plasma expanders, that are not replaced by or for the enrollee; administration of whole blood and blood plasma ; and short-term rehabilitation therapy services in the acute hospital setting.

## State Market Plan Enhancements

None

## Covered Benefits

**Important Note:** Covered benefits are listed in *Federal/State Mandated Regulations*, *State Market Plan Enhancements*, and *Covered Benefits* sections. Always refer to the *Federal/State Mandated Regulations* and *State Market Plan Enhancements* sections for additional covered services/benefits not listed in this section.

Refer to member's EOC/SOB for additional information.

- Blood and Blood Components: Whole blood is a biological, which cannot be self-administered and is covered when furnished incident to a physician's services. Blood fractions may also be covered if all coverage requirements are satisfied.
- Use and administration of blood and blood components, including but not necessarily limited to:
  - Cryoprecipitate
  - Platelets
  - Fibrinogen
  - Plasma
  - Gamma globulin
  - Albumin
- Blood provided through a blood bank on either an inpatient or outpatient basis.
- Hemophilia, a blood disorder characterized by prolonged coagulation time, is caused by deficiency of a factor in plasma necessary for blood to clot. Blood clotting factors for hemophilia patients are covered when coverage criteria are met. autologous (self-donated) and donor-directed (donor-designated) blood processing costs only for a scheduled procedure, including storage fees charged as a result of the physician and/or provider cancellations, which are beyond the member's control
- Cost of blood collected but not used if the physician authorized the need
- **Bloodless Surgery:**
  - **Oklahoma:** Surgical procedures performed without blood transfusions or blood products, including rho(d) immune globulin, for members who object to such transfusion on religious grounds are covered only when available within the member's contracting medical group/hospital or authorized by UnitedHealthcare.
  - **Oregon:** Surgical procedures performed without blood transfusions or blood products, including rho(d) immune globulin for members who object to such transfusion on religious grounds are covered only when available within the member's network hospital.
  - **Texas:** Surgical procedures performed without blood transfusions or blood products, including rho(d) immune globulin. Members who object to such transfusion on religious grounds are covered only when available within the member's contracting medical group/hospital or authorized by UnitedHealthcare.
  - **Washington:** Surgical procedures performed without blood transfusions or blood products, including rho(d) immune globulin, for members who object to such transfusion on religious grounds are covered only when available within the member's participating medical group/hospital.

## Not Covered

- Blood charges associated with non-authorized or non-covered procedures.

## Instructions for Use

Covered benefits are listed in three (3) sections: *Federal/State Mandated Regulations*, *State Market Plan Enhancements*, and *Covered Benefits*. All services must be medically necessary. Each benefit plan contains its own specific provisions for coverage, limitations, and exclusions as stated in the member’s Evidence of Coverage (EOC)/Schedule of Benefits (SOB). If there is a discrepancy between this policy and the member’s EOC/SOB, the member’s EOC/SOB provision will govern.
